A B A T E is American Bikers Aimed Toward Education

The main purpose of the ABATE organization is to work toward continued freedom of the road by insuring that motorcyclist's point of view is presented to our legislators and to promote motorcycle safety, rider education and awareness. We are trying to alleviate the very real possibility of "Big Brother Government". We encourage all our members to be informed registered voters. We write letters to our elected officials and stay aware of what is going on with motorcycle legislation, education, and other transportation issues. We welcome interested persons to any of our activities or to join our organization.

Safety Report

Another New Experience, Another Lesson Learned

I'm a firm believer in trying something new in order to improve my riding skills, and I do a lot of parking lot drills to work on it. To my surprise, a few weeks ago I was invited to take a ride into Floyd Bennett Field Brooklyn, to participate in the NYC Metro MotorSkills Competition. What surprised me was that I was invited by my former instructor Manna. I was asked if I would enter the competition with a few of the instructors that work for her at On the Road Again Motorcycle School. At first I was intimidated over the thought of entering into a competition, but after a few conversations with Manna I decided to give it a try. And her words of encouragement and support made me think "what the hell, if she thinks I can do it then I should at least be willing to try!"

I got a list of what the drills were, and went out to practice them before I mailed out my application. The course lay-out went like this: first a 90 degree right turn, from a stop, within 7 feet, into a slow cone weave at 12 ft intervals, then a rolling 90 degree right turn, a stop with the front wheel into a small box with only one foot allowed down, then into a 22 foot figure eight, ending with making a U turn in a 20 foot box; first right and then left. Yeah, it doesn't look so bad until you try it.

On the day of the event I met up with Manna and Antonio and we rode into Brooklyn at 6 am. Once there we were met by Matt and his brother Mike and we started doing the practice runs. Now the fun begins! Holy Shit I can't believe how shitty I'm doing; I'm tossing cones around like Tom Carvel on the fourth of July! I then took a break and after talking to Manna and the others I decided to relax and listen to what was pointed out to me during our chat, then headed back out for a few more passes. Damn, it can be amazing what happens when I'm willing to listen and take the advice of others! I then went out there and did 3 passes in a row without any faults.

Now the competition starts, and I make a decent pass without

too many faults(94 out of 100). And then the next pass is timed and let's just say the clock and the crowd got the best of me! I didn't do as well as before, but I did finish without being disqualified. The final outcome was eighth in the first pass and seventh in the timed run. More importantly, I tried something new and learned something that I didn't know before, and on top of that I enjoyed myself! Watching Antonio ride in the Police division was amazing. Seeing a guy 20 years my senior handle his wheel and do the drills that he had to do was great! And Seeing Matt and Mike compete in the Intermediate class where they finished a respectable second and third was amazing! It only made me want to practice more for next years contest, which I'm already doing!

Morano Plumbing

CUSTOM PLUMBING & HEATING

162 PINE NECK AVE

EAST PATCHOGUE, N.Y. 11772

President Richard Morano

Yeah, it may be parking lot drills but they do force me to improve my skills. Learning how to improve my turns, looking through turns, avoiding target fixation, counter balancing, friction zone control, throttle control, and more importantly listening to advice and being willing to take advice!

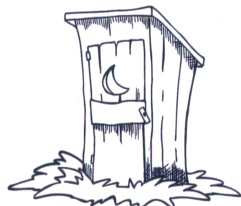

I have managed to put on 14,000 miles on my new ride since my "little accident" last year and I have no idea how many hours of parking lot drills since then, but it's all been worth it! I still sign up for Skills Day classes that are given by On the Road Again staff, and I can't say enough positive things about them. They are always a challenge and a reminder that there's room for improvement in my riding. The only thing I can think of that would make it better would be to see some of the riders that I see at our monthly meetings. I recommend that you give it a try, and I am willing to bet that you will be pleasantly surprised by the class. You will ride out of there with a smile on your face to say the least, as well as realize you have learned something about your skill level. After all, how can we expect to educate non-riders unless we as riders are willing to educate ourselves? Just something to think about. Be safe and enjoy every mile!

Membership Report

I have to start by commending, Bob Laub, our Sargent At Arms, on the outstanding job he did on planning and leading our Biketoberfest Run. He took us through the back roads of the scenic North Fork in October, missing all the traffic and most of all, the "Pumpkin Pickers"! We couldn't have had better weather and turnout was better than expected. Thanks again Bob, for stepping to the plate, I really enjoyed the ride.

Our membership number is standing quite strong at 575, I was hoping we could have climbed a little higher to finish the year out, but we are still doing well. If you have any friends interested in joining, keep in mind that we are still honoring our membership incentive program. This entitles you to a \$ 5.00 credit towards your membership for each new member that you sign up.

As the holidays approach, we also have Membership Gift

Vice President

Hello Members

I left the last meeting with many thoughts. As I rode home in the crisp fall air, stars shining, I reflected on those thoughts. Well actually first I thought, what a great night to be riding, ahhh the fresh air! Then I thought how passionate I am about riding my bike, I would assume all

Boncranna B & B
168 Maple Avenue
Hobart NY 13788
(607) 538-1129
Your Hosts: Jim & Marcy Barr

bikers are that way, duh! So to say that I am passionate about the Safety of Motorcyclists is an understatement. I took on the position of Vice-President to be a part of group with the same passions; Rights, Safety, Education. Though I don't know how much I have contributed I continue to strive for it. There is so much to be done, so much to teach others, to educate to fight. Now that its time for Nominations I just want you all to know that I would look forward to staying on as Vice-President if elected! I have so enjoyed the rides and events that ABATE has sponsored, I enjoy the friends I have made through ABATE and look forward to future events, more hurdles to tackle and the commadarie of it all!

Now for the important stuff, I had the first Breakfast Ride and we had a total of 5 people, Joyce, Kim, Wayne, my husband John and myself! Where the hell was everyone!!!! Well we enjoyed our breakfast never the less!

Anyway, I look forward to our St. Mary's Food and Toy Drive this month, I hope to see everyone there!

Until next time,

Doreen – Ride Safe!
