ABATE is American Bikers Aimed Toward Education

The main purpose of the ABATE organization is to work toward continued freedom of the road by insuring that motorcyclist's point of view is presented to our legislators and to promote motorcycle safety, rider education and awareness. We are trying to alleviate the very real possibility of "Big Brother Government". We encourage all our members to be informed registered voters. We write letters to our elected officials and stay aware of what is going on with motorcycle legislation, education, and other transportation issues.

We welcome interested persons to any of our activities or to join our organization.

PRESIDENTS PAGE

I would like to take this opportunity to thank Raybud for all his dedicated years of service on the website and newsletter! Unfortunately, his job responsibilities have caused him to step back from these tasks, however he continues to do everything he can for our Chapter! Thank you RAYBUD! Fortunately, my Brother who lives in Chicago offered to help us out with a new website. He has spent a lot of time building it for us and Nancy Gee has volunteered to maintain it for us. I'm sure you will like the improvements. Please check it out at <http://longislandabate.com/> He has also tied it into our Long Island ABATE Facebook account. Whenever anything is posted on our website, it automatically posts on Facebook also. I have to admit that I don't understand any of the functionality of any of this, but I am impressed with the results. Please 'like' our facebook and postings in order to increase our networking ability. For example, Nancy Gee posted a cartoon about an eye chart and motorcycle awareness and it reached 46,000 people! I'm so impressed with the results that I have started a personal Facebook account and will try to use it to further ABATE's message. (bear with me, I don't even know how to post anything yet. The only thing I learned was how to 'like' items and invite members)

We have been working very hard trying to get some things done during the winter that will help us out during the riding season. One of the main things we are working on is the production of our 2013 Motorcyclists Handbook. We are adding run dates for all clubs that request it, at no charge. Our motive is that it helps out the Clubs and it also makes people refer to our handbook more frequently throughout the year. We posted March 1st as the deadline, but we still have some time to accept ads. We are going to print on April 1st, so please support our handbook now if you intend on advertising. You can check out our 2012 handbook as well as an order form for 2013 at the following address <http://longislandabate.com/2012/02/2012-motorcyclists-handbook/>

The other thing we are working on is our annual LI ABATE & Full Throttle Magazines Safety & Awareness Run & Bike Blessing. This is designed to bring attention about motorcycles on the road as well as raising funds for our awareness campaign this season. We want to continue putting up signs on the highways and airing commercials about awareness on the radio and on cable TV. You can save \$5 by pre-registering for this event on our website. Or if you are unable to attend but still want to support us, you can make a donation through Paypal on our website at the following address http://longislandabate.com/ai1ec_event/551-2/?instance_id=399

I am pleased to announce that thanks to the efforts of Bill Quinn, L I ABATE has been invited to ride in the Rocky Point St Patty's day Parade on march 17th! All of our members are welcome to ride with us. If you want to invite a non member to participate, just ask them to sign up that morning for either a full membership or a complimentary provisional membership. This is a fantastic opportunity to get a lot of public exposure for ABATE! If you want to participate in the parade please pre register on our website so that we know how many people to expect at http://longislandabate.com/ai1ec_event/friends-of-st-patrick-st-patricks-day-parade/?instance_id=399

ABATE community page
on facebook**

VP 1

Its hard to imagine that while I still have a five foot mound of snow in my driveway that we are a couple weeks away from starting the riding season. The one thing I like about March is that it kicks off the season, with the Chilly Chili

Run. It's a great excuse to fire up the bike and ride with some friends and eat probably a little too much chili. A little change for this year, we will be starting at our new meeting location in Cathedral Pines Campground at the Activities Building. We will head out to Finnegans Wake in Jamesport where Jim and Karen always welcome us and treat us good. And of course there will be plenty of chili. If you think your chili has

got what it takes, bring it down. This year we will get an even earlier start on the season. We will be riding in the St Patricks day Parade in Rocky Point. This is open to members but space is limited so register online on our website or call the hotline 1-888-LIABATE. It should be a lot of fun. Speaking of the website, if you haven't checked out the new website yet you should. Its coming along better than we hoped and its only just the beginning. If anyone has ideas or comments for the website let us know, its still a work in progress.

We are continuing in our efforts to promote our education program by speaking to High School age students and new drivers. We are working on some exciting new opportunities now and will have more info for everyone soon. We get into the schools any way we can, usually by personal invitation from teachers familiar with us. If there are any of our members who are teachers or know a teacher and would like information on this program please contact us. You can e-mail me directly wpirojr@live.com or call the hotline 1-888-LIABATE.

The deadline for Handbook ads is soon. This book was a success for us last year and will be even better this year. With over 700 members im sure there's many of you that know someone that would like to advertise in a Handbook the will be distributed throughout the season the motorcycle community as well as online. With everyones help this could be a bigger success than last year.

Looking forward to seeing everyone at the parade and the Chili run.

Wayne

Hello all, as I sit down and write this article after a day of riding in the sun all day, it has become an overcast February evening, temps in the mid seventies, you may ask am I drunk? Am I dreaming? Am I sick? Nope, I am on vacation in Florida! Myself, Jackie, our new puppy Sadie and of course our bikes. The weather has been in the high seventies during the day and the sixty's at night. Enough about me, I don't want to bore you with the great time we are having in the sun.

A big thank you to all that have made the provisional memberships a success. We have a busy season coming up. The chilly chili run this month. April brings us our Awareness run. I look forward to seeing you all there. This is our big event, so tell your friends. Soon. The board seems to be gelling well again this year. With the help of Jim's brother we have a new web site, please check it out and Wayne P. has stepped up to give us a news letter. Before I leave you I want to thank Raybud for all the time and effort he gave Abate for the newsletter and web site for so many years.

So long for now, hope to see you all soon, stay warm, I am,

Stavros

TREASURERS REPORT

Hope you all survived the blizzard. I'm still hurting from all the shoveling. In fact we had to cancel the last meeting due to unsafe road conditions. One of the items I wanted to discuss at the meeting was our participation in the 63rd Annual Rocky Point St. Patrick's Day Parade on Sunday March 17th. This could be a lot of fun and exposure for our chapter. The parade goes from Miller Place to Rocky Point. It is billed as the oldest and largest parade on Long Island. We are registered to ride our bikes in the parade. I met Walter Colleran the parade chairman and he told me they get over forty thousand viewers. Our chapter would be thrilled to have a good showing for this event. If you would like to participate please contact me at nevalnut@aol.com, by phone 631-821-8037 or the Hotline 1-888-LIABATE (631-317-8383). You can also register on the web site Longislandabate.org. I need to get a count on how large a group we will be so that they can assign a spot for us to form up. I will keep you informed as the details develop and reserve a wristband for you. We are going to have a large banner up front identifying Long Island ABATE. Tina and Stacey have stepped up to walk with the banner. I would like to get at least four more members to volunteer to walk with flags and signs. Please keep in mind this is a very long parade two and a half to three miles depending on where we are assigned to meet. Consider wearing green and decorating your bike. I will have a limited amount of supplies for those that show up early. The Red River Inn in Yaphank has been gracious enough to throw a free after party for us complete with corned beef and cabbage dinner. They are also trying to get a band. Come on out and show your "Irish" for the day.

The Sunday after the Parade on March 24th we are having our annual Chilly Run. Bring a batch of your best and you may win a prize. The details are on the web site. We are also working hard on the Long Island ABATE Motorcycle Handbook. Please get your ads in as soon as possible. If you know of a business that would like to support this effort please let us know and we will contact them. We want to get all the ads in and the handbook printed well before the April 14th Awareness Run.

We are up to date on all our treasury reports and have enough in the account to keep us going. We are also now taking payments on our web site through Pay pal. Check it out.

I hope to see you at our next meeting on March 12th and the upcoming events this month.

As always I thank you for your support of our Chapter. Please let me know if you have any concerns related to the treasury. The books are always open. Contact me at 631-821-8037 or nevalnut@aol.com.

tricks & tips...

A section in the newsletter for passing on tidbits of info that readers found helpful. If you have something you would like to share, get it to us and we'll get it out there. Whether its something in the garage, bike maintenance, something to make that long (or short) ride a little more comfortable, or hey, maybe you found a better way to b-b-q. Why not share it? Contact us by e-mail wpi-rojr@live.com, snail mail or call the hotline.

he likes Girl Scout candy.. Just nail or screw the can to the wall under the funnel, just high enough so the funnel sits about a half inch into the can. He even hangs his kerosene siphon over the can. Looks like a pretty good idea, hope it helps you out. If anyone has any tips or tricks they would like to share, send 'em in.

A member sent in a neat and simple little tip to pass on to everyone. He says he was sick and tired of his funnels leaving small oil stains in his tool box and on the work bench. Hanging them on the wall kept them out of the way but left oil dripping down the wall. So he suggested taking an empty

Can, most people will have a coffee can around, but in this case I guess

SAFETY OFFICER

Hi! Well let me get right down to it. Now that the motorcycle show is over, there isn't much going on in the Northeast during the winter months. After doing some research into safety issues, I decided to invite Diane Ortiz of Big Apple Motorcycle School to write a little something to give you another way to handle the "winter blues".

Winter Blues by Diane Ortiz

The next few months are hard on those of us who love to ride. The cold, dark winter months, interspersed with an occasional warm day, tempt us. Our bikes sit patiently in the garage, hooked up to a low-voltage battery charger like a patient in intensive care, just waiting to get out. We've checked on it periodically to make sure it's resting comfortably, out of the elements, congratulating ourselves on treating the leather seat with conditioner before putting it away. This is a good time to check on your motorcycle leathers (jackets, pants, chaps, track suits, gloves) to see if they need any repairs or maintenance. On your list should be checking your helmets to see if they need cleaning. Stains from sweat, sunscreen and especially makeup and hair product residue can often be removed from helmet pads and liners if caught and cleaned early. Winter is also a good time to work on getting scratches off face shields/goggles/sunglasses and inspecting helmets for damage.

For those who have the time and the means, an escape to anywhere warm where you can ride is something to look forward to. For the rest of us, getting together with friends who share our passion for motorcycling is good therapy. It helps keep the daydreams going, along with visits to the local dealers, motorcycle museums, shows and other events. Reading a motorcycle-themed book helps too. Try the newly released "Women, Motorcycles and the Road to Empowerment" by Liz Jansen, who relates experiences that instill a sense of adventure, freedom and community. You can get it on Amazon.com (ISBN 978-0-9877583-0-9). I don't have any financial interest in the book, but I did contribute one chapter which I hope will help others who are facing challenges in their personal lives. So keep those daydreams going, ride if you can and if not, enjoy some "virtual motorcycling". Either way – ride safe!

Thank you, Diane, and I would like to invite anybody else who has some insight into safety to contact me.

I ran into 2 members who asked me about some construction on Straight Path in Wyandanch near the train station. I made a few calls and found out about what was going on. The job is on schedule, but because of the type of work being done, it has made a mess and is not motorcycle friendly. This area is sought after because of Edison Ave. in an industrial park and home to many services you may need. This area can also be accessed either by Wellwood Ave. or the Southern State Pkwy. Along the same lines, this is the season for road contracts to be awarded. I'm going to try and find out who wins them, what roads will be affected, and for how long. If you see a road hazard created by construction, please call me and I will look into it.

I would like to turn your attention to your bike sitting idle over the winter, whether in your garage or storage. Pete Schappert, from Suffolk Harley gave me a great idea. Clean your bike over the winter. You'll be amazed at what you can find while wiping on some wax. Not even life threatening issues, but small things like a tire slice, bare wire, or a loose mirror that will ruin your next ride. Ten minutes in the garage can save you all day on the road. Feel free to call Pete with any of your Harley tech questions.

Safety Officer

Joe

MEMBERSHIP

Long Island ABATE currently has 487 members plus 243 complimentary members. When the complimentary memberships come to an end it would be great to see the majority of them become regular members. Remember when your friends are signing up as complimentary members to provide an e-mail address. Without an e-mail address they will not be receiving our newsletter or any notifications of any events. We are growing larger everyday and unfortunately it is hard to make everyone in such a large organization happy. We just have to remember we are all in it for the same reasons. We want to educate everyone, young and old, riders of two wheels and four and change legislation to be fair for all riders. If you have not already been to our new website, you will be happy to know memberships can now be done on-line for new members and renewals. So, if you haven't already done so browse our new website and see all the awesome new features and links. If you are having problems receiving e-mails notifications and/or the newsletter, please let me know.

ROAD CAPTAIN ROAD GUARDS NEEDED

At the first meeting for 2013 a list was passed around for any members that would like to help as ROAD GUARDS for ABATE RUNS. Many signed up and it is all appreciated. PROBLEM is only 1/2 of them are readable. Please EMAIL me at LIABATERG@AOL.com and give me NAME, EMAIL ADDRESS and CELL NUMBER (phone)

Any members that missed the meeting and would like to help with this PLEASE EMAIL your information and you will be added to the list.

Thanks Steve Sorensen

POT LUCK

A suggestion by a member at the January meeting was to have a Pot Luck type of dinner at a meeting. Many members agreed and March was chosen. If you would like to, bring a dish to share at the next meeting on March 12th.

Please have the dishes there so we can begin serving food at 7pm. Meeting starts at 7:30. We will be there by 6:30 to set up. If you would like to shoot us an e-mail at wpirojr@live.com to let us know what your bringing or you can call the hotline at 1-888-LIABATE.

Thank You to Coram Fire Dept. for helping to spread the message

Do you have a favorite road you like to ride?
 Maybe found a nice winding back road that
 takes you someplace special?
 well... SHARE IT!
 Whether its an all day trip from Connecticut to Maine
 or a 20min run right in our backyard
 share it with your fellow riders and enjoy ourselves

Continued from page 5

I attended a quarterly Chapter meeting on Saturday, February 16th in Binghamton NY. My main objective was to try to change the way that ABATE of NY conducts votes among the Chapters. My complaint is that we have 20.6% of the membership in NY, however when we vote on an issue our vote is only worth 4.76%. Below is a copy of the letter as well as a list of all chapters indicating how many members they have, and what their % of membership is compared to what their vote would be worth if they implemented my proposal. It should come as no shock to you that the idea was not embraced by them and it failed to be put to a vote due to a lack of a 2nd.

As the Representative of The Long Island Chapter of ABATE of NY Inc. I propose that ABATE of NY change its current way of counting Chapter votes from the method of 1 vote per chapter to a new 'weighted' system. Currently there are 21 chapters in good standing. That means each chapter's vote is worth 4.76% of the total vote. Under the present system, any 11 chapters (majority) can decide the vote outcome regardless of the amount of members that it represents. For example, if the 11 smallest chapters voted for something they would represent 380 members which is 16.3% of the membership. It is unfair that the current system would permit 380 members to determine the actions of an organization with 2,329 members. In order to equalize the vote more fairly, I propose that we utilize a voting system which automatically gives each chapter 1 vote plus an additional vote for every 50 members it has as of December 31st of the preceding year. (in order to keep it simple for the entire calendar year) For example; a chapter with 6 members would have 1 vote. A chapter with 50 members would have 2 votes, 100 members would be 3 votes etc. Attached is a chart which shows how it would affect each chapter.

motorcycle related news from
AROUND THE NATION

PICKERINGTON, Ohio -- The American Motorcyclist Association expressed concern to a U.S. House subcommittee about possible damage to motorcycle and all-terrain vehicle engines caused by the inadvertent use of E15 when the new fuel becomes widely available.

In testimony to the House Subcommittee on the Environment during a hearing on "Mid-Level Ethanol Blends: Consumer and Technical Research Needs" on Feb. 26, Wayne Allard, AMA vice president for government relations, said that motorcycles and ATVs should be part of any scientific study into the effects of E15 on engines to ensure that the new fuel blend won't damage those engines.

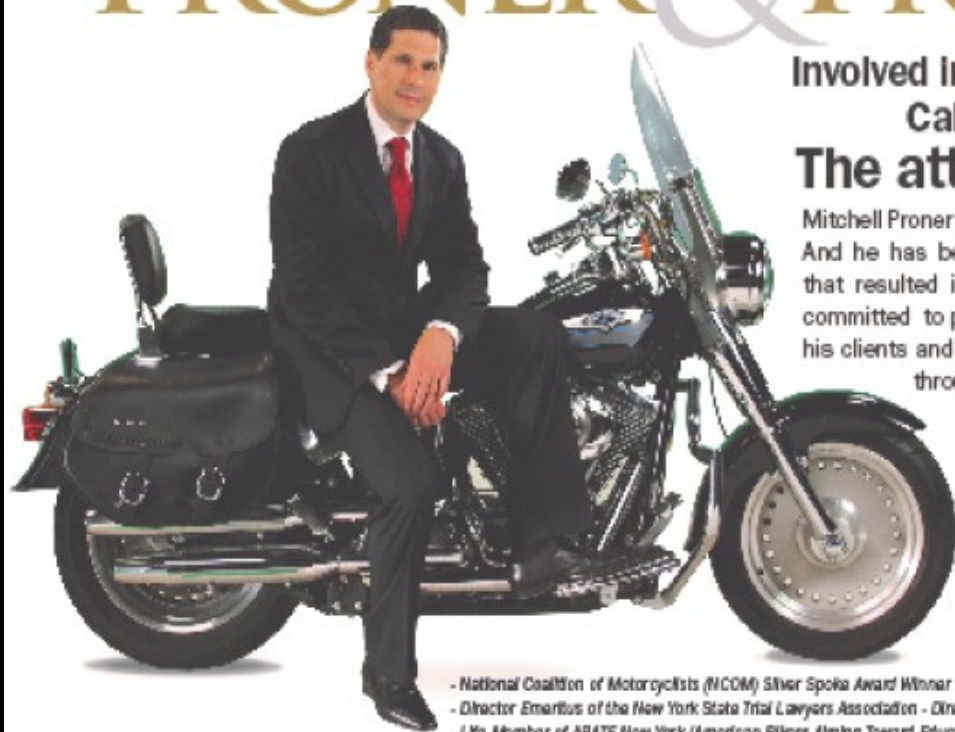

He also cautioned that E15 could lower fuel efficiency and possibly cause premature engine failure for motorcycles and ATVs.

E15 is a new fuel blend of 15 percent ethanol and 85 percent gasoline that the EPA has approved for use in 2001-and-newer passenger vehicles. The blend isn't approved for use in motorcycles, all-terrain vehicles, boats, lawn mowers and other engines, and may even damage them and void warranties.

E10, which is commonly found at gas stations, contains 10 percent ethanol. E0 fuel has no ethanol. Ethanol is grain alcohol produced from crops such as corn that is mixed with gasoline to produce an ethanol-gasoline blend motor fuel.
