Long Island ABATE

AMERICAN BIKERS for AWARENESS TRAINING & EDUCATION

The main purpose of the ABATE organization is to work toward continued freedom of the road by insuring that motorcyclist's point of view is presented to our legislators and to promote motorcycle safety, rider education and public awareness. We are trying to alleviate the very real possibility of "Big Brother Government". We encourage all our members to be informed registered voters. We write letters to our elected officials and stay aware of what is going on with motorcycle legislation, and other transportation issues. We welcome interested parties to any of our activities or to join our organization.

President's Message

Hello Long Island ABATE Members

I hope all are well. May was a busy month for Long Island ABATE and the motorcycle community. May 1st we kicked off Motorcycle Awareness Month with our 13th Annual Safety and Awareness Run at the H. Lee Dennison Building in Hauppauge. The weather was great and so was the turnout. Bikers for Christ was there Blessing the Bikes. We had quite a few local politicians present to show support as well as Big Apple Motorcycle School and On The Road Again Motorcycle School there to support us as well. 94.3 The Shark was there and Suffolk County Police Highway Officers were there to support us as well as escort our ride to keep us safe to our destination, The Red River Inn located in Yaphank. The run went great with no issues and I want to thank everyone who attended and everyone who helped make this event happen. I want to thank our t-shirt sponsors as well. I would also like to thank Bill at the Red River Inn for the food and warm hospitality they provided. The proceeds from this event help fund our Awareness Campaign and the materials for it.

As May continued we also worked with 94.3 the Shark Radio who broadcasted our PSAS daily throughout the month. We also sent letters to many different Fire Departments asking them to display "Watch or Look for Motorcycles" on their electronic signs. The Handbooks are out now too. Inside these books you will find many community supporters and events both, local and national. You can pick them up at any of the events we're at or they can be obtained at our membership meetings or some of our sponsors.

On May 10th we had our Membership Meeting at the Pt Jefferson Elks Lodge at 41 Horseblock road where we recapped all of our past events and informed our members of our upcoming events. Margaret 'Momma Dukes' was also sworn in as Recording Secretary in which we thank her for taking on that responsibility.

We attended Bikers in the Beltway in Washington DC. There is where we lobbied our politicians with many other MRO's from around the country in an effort to protect Motorcyclists and Motorcyclists Rights. Long Island ABATE attended the Middle Country Music and Craft fair as well as Bike nights, club functions and Bike Blessings throughout the Month. We attended Calverton National Cemetery for the Flag placement ceremony. We then attended the Ronkonkoma Street Fair. We were able to connect with many people from all parts of the community throughout the month and promote Motorcycle Safety and Awareness while doing so and add members to our organization too.

(continued next page)

Our Veterans Appreciation Run June 12th which will start at the North Sea Fireman's park at 149 Noyack Rd in Southampton. Sign up is from 930 am until 1100am. There we will have a ceremony as well as a ride to Honor our Veterans. Please come out and show support for the men and woman who serve and have served this country. I hope to see you all there.

As always Long Island ABATE is looking for input from members to better the organization as well as volunteers to help us maintain and grow the organization, while protecting the rights of motorcyclists and keep them safe.

If anyone wants to get more involved or has ideas just reach out to a board member.

Looking forward to seeing everyone soon.

Thank you for
Your continued support.
Ride safe and be well

Spring Is Here

Well, spring is here again!!! That means the beginning of another motorcycle riding season is starting. As bikers, we have lots to do to prepare to ride. We have to get our bikes reregistered and inspected, make sure we our bike insurance paid up, change the oil and filter, get a new battery if we need to, check the tires and tire pressures, check for any loose screws, bolts, and

leaks...especially if you own a Harley...LOL. If we need to get new leather, new boots, new rain gear (gotta have this in the spring and probably late summer), and new stuff for the scoot, go out and get it or plan to get it. We even take riding refresher courses to get ready to ride safely. But do we think about preparing our minds and our bodies? From an emotional standpoint, we should be at peace with as many folks as we can be so we can ride safely for ourselves and others around us. From a mental standpoint, we should have a clear head so that we can react when we need to and be ready for the ride. From a physical standpoint, we should start doing shorter rides and gradually building ourselves up, maybe do some stretching as well, for longer days of riding. From a destination standpoint, getting our reservations and registrations in, for those trips we've talked about and planned.

So, we're all set, right? Are we? How about our souls, how are our souls? Can we enjoy all that is created around us? Can we enjoy the machines created for us? Can we enjoy the sights and the smells around us? Can we enjoy the get togethers that we are able to go to? Can we be there for others as we are needed? Sometimes we figure that we can just start the bike, get dressed, get on it, and go. But before you do that, I suggest that you take a few moments to breathe for a few seconds before you ride. Then pray for your ride, for safe travelling, and for your bike so that it runs well. All the physical preparation is great. But when our souls are at peace, we can really enjoy the ride. Those few moments we use to soulfully prepare ourselves, make it all worth it.

We all have time to work and time to play, but we should really look around and see the wonderful things created for us to see, hear, smell, and enjoy. When we get together, be thankful that those friends we are blessed to be with. Be thankful for the things we have been blessed with. When you're out riding and have to react in an emergency, don't get filled with rage. Get angry, but don't lose sight of the fact that you're riding a motorcycle. Let it go. Take a few moments to breathe and realize that you are safe. And always remember...tonnage wins.

Before you ride, take a few moments to take it all in. Don't rush or ride when you're angry or not feeling well, or not up to riding. I guarantee that you'll enjoy the ride much more if you're ready and prepared to enjoy it. I know you'll be safer because you won't be distracted by any issues. I pray for, at a minimum, these things for all of us. Let's enjoy this riding season together. Let's pray, laugh, love, ride, and enjoy.

God Bless you All.
Rise safe always!!!
Pastor G

Bikers in the Beltway, a Day of Lobbying

Every year May 1st kicks off Motorcycle Awareness Month. Then after that there is "Bikers in The Beltway". There we Motorcyclists from around the country meet with representatives from the House and the Senate and express our likes and dislikes concerning upcoming Legislation. This year Nick LeMorte and I were able to be your representatives in DC where we reviewed the national legislation that concerns us as motorcyclist put together by the MRF "Motorcycle Riders Foundation"

After Meeting with our representatives and much discussion we believe they understand our position on the legislation presented and hope they will support us as well.

As it stands all four of the representative currently support the Anti profiling bill H.Res.366. One of our other concerns the newly introduced H.R.7731 which involves proper identifying and labeling E-15 Gasoline to educate the consumer to prevent misuse and vehicle or machine damage. In addition to that we express the need to redefine the word Motorcycle after 40 year the definition should be updated especially with all the new vehicles that currently fall under the term "Motorcycle" including the Slingshot and the Vanderhall. Both of which you sit in and not on and steered with a "wheel" not handlebars. Next up is S.2736 the RPM Act which is a Bill that will protect the right to modify a car, truck or motorcycle for racing purposes.

We also expressed our concern about Motorcycle recognition from Autonomous Vehicles. In addition to that we expressed the importance of their involvement in the Congressional Motorcycle Caucus. The caucus aims to improve public knowledge of motorcycle issues and promote safety on the roadways. Finally we asked that any new tax laws written would not be a one size fits all and would be relative to weight, wear and tear of the road way as well as emissions produced by the different vehicles. As Always we thank you for your continued support and the opportunity to represent you. I also want to thank everyone at the MRF for all the organizing efforts to make this Happen as well as the AMA and Rocky Fox our lobbyist. It is a Great pleasure to be involved with so many great likeminded individuals.

Ride Safe and Have Fun
Chris Beckhans, President

Updates From Josephine

I'd like to say hi and thank you to all our Long Island ABATE members. It's been great seeing everyone out and about in the community. We have been at Bike Nights, Community Fairs, Bike Blessings, and our general membership meetings in Suffolk and Nassau Counties. We have been meeting new people handing out our yellow bracelets and look for motorcycle books to little kids to teach them to see and count motorcycles. Lawn signs have now been a big hit since we are telling people to display them and take pictures and tag Long Island ABATE in them. Also, at every one of these events we go to you will find our Veterans Jug on the table for donations. As most of you know every dollar that goes into that jug gets matched by two other benefactors. Life to date we have donated over \$ 1,000,000 to our Veterans here on Long Island. We (ABATE members, the motorcycle community) and everyone that has stopped by our tent at events has donated!

There have been many times that Long Island ABATE has been thanked and recognized at dinners and functions with plaques and certificates for what we do for our Veterans here on Long Island. The most recent one was presented to us at the Coalition of Fraternal and Veteran Organizations at the Moose Lodge in Mt. Sinai. It was a benefit dinner dance for local Veterans and their families on April 30, 2022. Chris Beckhans our President, Bill Quin our Treasurer, Deb Stondell our Legislative Representative and myself were just some of the board members that were there that night. Chris, Bill and Deb went up to accept the Certificate that honored Long Island ABATE for our many years of support of the FVO and Veterans in our community.

Here's a SAVE THE DATE reminder for Sunday June 12, 2022, Long Island ABATES Veterans Appreciation Run at the North Sea Fire Department 149 Noyack Road Southampton. Come out and show your seaport for our Veterans. All proceeds go to the Veterans. For if it wasn't for them, we would not have the freedoms we have today.

Have a great and safe riding season!!!!!!!!!!!!!!

Josephine Leonardi 2ND VP

BEST MOTORCYCLE COVERS

XYZCTEM All-Season Motorcycle Cover

An affordable, year-round model, the XYZCTEM All-Season Motorcycle Cover provides protection against water, heat, dirt, and debris while also releasing trapped moisture. The cover does not feature any vents, but its nylon Ox-

ford fabric is durable, waterproof, and breathable, making it a good outdoor motorcycle cover.

To protect against high winds and theft, the XYZCTEM cover comes with two lock holes and two adjustable straps. The elastic hem in the front and back ensures a snug fit without affecting the cover's ease of use.

The XYZCTEM All-Season Motorcycle Cover has a universal fit and is compatible with bikes up to 108 inches. Based on customer reviews, the cover has no trouble fitting motorcycles with windshields, passenger backrests, or saddlebags. Our only concern with the cover is its heat resistance, as no heat shield is mentioned to protect the cover against a bike's hot pipes or other parts.

Dowco Guardian WeatherAll Plus Motorcycle Cover

A well-established brand in the motorcycle industry, Dowco manufactures its high-quality Guardian model to provide both indoor and outdoor protection. The full motorcycle cover guards against rain, mildew, UV rays, wind, and cosmetic damages.

It features a vent system to make sure your bike remains cool and dry as well.

If you tend to cover your bike immediately after a ride, you'll be happy to note the cover's built-in heat shield. The cotton-based fabric covers the bike's exhaust pipes to ensure the rest of the cover's material and waterproof coating doesn't melt.

This cover is available in 12 different sizes, guaranteeing that you will find the right cover for your bike. It also comes in two colors.

CarCovers.com Platinum Shield Motorcycle Cover

Designed similarly to the highly rated Platinum Shield car, truck, and recreational vehicle covers, the CarCovers.com Platinum Shield Motorcycle Cover offers multi-layered protection against Mother Nature's harshest conditions. The built-in vents and synthetic materials resist mold and mildew, while the cover's reinforced grommets and partially elastic hem make sure it's protected against theft and high winds.

The cover's reflective outer layer makes your bike visible in low lighting, which can be beneficial when parking at night. We also like the cover's built-in heat shields so you don't have to wait until your motorcycle cools to put the cover on.

Velmia Outdoor Waterproof Cover

Compatible with several motorcycles, the Velmia Outdoor Waterproof Cover protects your bike from rain, wind, dust, UV rays, heat, and trapped moisture. Its fabric can withstand temperatures up to 575 degrees, ensuring your exhaust pipes

won't melt the cover. It also includes two built-in vents to deter mildew and mold.

The cover even in-

cludes unique features, including reflective strips and a clear license-plate window. However, although its elastic hem and adjustable straps help achieve a snug fit, some customers mention

issues with sizing, especially with larger bikes. Additionally, the cover doesn't appear to come with a warranty, which can be troublesome if there are any defects in materials or workmanship

Nelson-Rigg Defender All-Weather Half Cover

If you're looking for a half cover rather than a full bike cover, we recommend the Nelson-Rigg Defender model. The cover is waterproof, weatherproof, protects against UV rays, and can be easily thrown on and off when you're in a hurry. Made from nylon, the cover includes heat-sealed seams to prevent water leaks during inclement weather.

For ease of use, the Nelson-Rigg Defender Half Cover has an elastic hem and elastic bungees. Both features allow the cover to conform to many types of bikes, giving it a universal fit.

MERCHANTS IN THE SPOTLIGHT

MERCHANTS WANTED!!

Do you have a business and do you want to be exposed to **EVERY** Long Island ABATE member, their families and friends? Long Island ABATE is looking for Merchants and Vendors who are willing to give our members a discount on goods and or services in exchange for exposure to the members of our organization. We are a Not for Profit Motorcycle Rights organization. Our membership consists of people from all walks of life in the motorcycle community with many needs, whether it is automotive, motorcycle, home, health or business related. So if you buy, sell or fix cars we would like to have you on board. If you do home improvements, renovations or maintenance we would love to have you on board. If you have a transportation business we would love to have you on board. If you have a clothing store or specialty shop we would love to have you on board. As it stands we have well over three dozen preferred vendors and merchants who provide services and discounts to ABATE Members. The motorcycle community is a tight knit community, we support those who support us. With that being said if you have a business that sells goods or provides services and you want to be involved and be featured as a Merchant in the Spot light, you would get a free ad in our monthly newsletter and be mentioned throughout the year as well as be listed on our website. We would need some pictures and a little something about you and the business as well as what you're willing to do for our members.

All you would have to do is Email me at chrisliabate@gmail.com or call or text me at

The MRF's primary goals include:

- Monitoring and influencing federal legislation for any impact on the motorcycling community at large
- Representing street motorcyclists by participating in federal research and advisory committees
- Protecting street motorcyclists from unfair or burden some federal agency restrictions and regulations
- Ending discrimination against street motorcyclists
- Providing all street motorcyclists with direction and information to protect their motorcycling rights
- Promoting motorcycling safety, training, education, licensing and public awareness on American roads

WHO WE ARE

The Motorcycle Riders Foundation is the Nation's premiere motorcyclists' rights organization that is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. We are also committed to educating rights advocates to improve effectiveness at the state and local levels. The MRF works together with street motorcyclists, State Motorcyclists' Rights Organizations (SMROs), the motorcycle industry, the media and other organizations, assisting them with state and local agendas as well as working with them to influence action and policy in Washington, DC - from the Congress to government departments and agencies to the Office of the President of the United States. We also work with allies in Canada, Europe and Asia to influence talks on vehicle globalization and harmonization that are proceeding under the United Nations and the World Health Organization.

History of the MRF

The first words of the street rider's first voice in Washington were uttered in 1985 in St. Louis, Missouri. There, the very founders of the motorcyclists' rights movement in America gathered for a meeting of the minds. Leaders of State Motorcyclists' Rights Organizations (SMROs), they wanted to catapult to the national scene the clout and effectiveness of SMROs — the strong, effective grassroots of state-based motorcyclists' rights.

They knew it had to be done. Riders' rights had to go national, because the threat was national. Our founders at this meeting of the minds shared a keen sense that danger was not just on the horizon but dead ahead, as freedom's foes had just attacked with a ban on motorcycles in the United States Congress.

They knew it had to be done right. The founders wanted a staff that was all muscle and no fat, supported not by casual members but driven by a team of dedicated volunteers, with each volunteer committed to shouldering his or her share of the demands of liberty. They envisioned a team committed to core values like respect for riders' diverse lifestyles and opinions, integrity in conduct, excellence and boldness in facing challenges head-on and, above all, leadership — leadership in the unrelenting struggle for the safety and freedom of American motorcyclists.

So, at a meeting of the minds of grassroots leaders, a new leader was born: The Motorcycle Riders Foundation. The first motorcyclists' rights advocacy organization with a full-time legislative and political presence in our nation's capital. The only Washington voice devoted exclusively to you, the street rider. And each year, the leaders of the now-worldwide community gather for motorcycling's premier political leadership summit — named to commemorate the gathering at which we were founded: The MRF Meeting of the Minds.

Throughout the USA and across the world, the torch of freedom burns in the hearts of motorcyclists. One by one, they recognize the need to become volunteers as co-partners in an organization committed to integrity, respect, leadership, teamwork and excellence.

One by one, in every continent and culture, motorcyclists are deciding to Ride with the Leaders™.

American
Foundation
for Suicide
Prevention

My name is Andrea Nordquist and I am President of Military Blue Star Mothers of Nassau County NY 14. My son is currently serving in the Air Force.

I am doing this 18 mile overnight walk for the 22 a Day military suicide epidemic. There have been over 100,000 deaths in the military from suicide since 2001.

We all have been touched too many times with family and friends who have died by suicide. The American Foundation for Suicide Prevention is a great organization that has accomplished a lot, but there is still so much work to be done to help prevent more suicides.

If you can support me with this 18 mile Overnight walk through NYC on June 4th go to:
Theovernight.org - then

go to help out and then general donation and search for my name Andrea Nordquist. - all donations are greatly appreciated.

Together we can end this epidemic and get those that are in need the help they so deserve!

11th Annual

Bikers For Christ

Along with Rushing Wind Biker Church

**\$ 20
Donation**

Downed Biker Fundraiser and Run

This is a fundraiser to aid bikers in the area, when they have an accident on their motorcycle.
