"IT DOES NOT MATTER
WHAT YOU RIDE
WE ALL RIDE FOR
FREEDOM OF THE ROAD"

We Want You

To Ride With Us!

Long Island ABATE

AMERICAN BIKERS for AWARENESS TRAINING & EDUCATION

The main purpose of the ABATE organization is to work toward continued freedom of the road by insuring that motorcyclist's point of view is presented to our legislators and to promote motorcycle safety, rider education and public awareness. We are trying to alleviate the very real possibility of "Big Brother Government". We encourage all our members to be informed registered voters. We write letters to our elected officials and stay aware of what is going on with motorcycle legislation, and other transportation issues. We welcome interested parties to any of our activities or to join our organization.

President's Message

Hello Everyone,

May is now upon us, and it is Motorcycle Awareness Month. Events keep coming, two and three per weekend. I am very pleased to report that we have been very busy. Long Island ABATE has been in many places. We attended the Indian Riders Group of Mineola as well as B.A.C.A's member meeting and spoke about our organization and what we do. Both meetings went well and were well received. Many of the members were unaware of what we do. By the time we left everyone was aware and appreciated what we do as an organization. We also recruited new members and renewed a few as well. Representatives from Long Island ABATE attended a few club parties as well as the Riders of Fire Bike Blessing where we had the tent set up and although the day was very windy, we managed to have a great day with many people. While there we signed up more new members as well. See pictures in this newsletter.

Also, that day I was able to be part of Team EVA's Marathon motorcycle escort with many other members from ABATE and other organizations. Afterwards I met up with the others at the Bike Blessing. Later in the week a few of us also attended a Narcan training class put on by SCPD at the Elks Lodge in Centereach, it was truly an informative presentation.

Sunday April 21st, we attended the Cars and Guitars event at Millers Ale House in Commack, as well as the Middle Country Community Festival on the 27th, and our Awareness Run on the 28th, Pictures and stories in next month's newsletter.

Our Awareness Presentations continue to grow, we have added Shoreham Mount Sinai High School to our list as well as Farmingdale. We are now on track to do over 70 classes this year, that equates to over 2400 students reached.

Don't forget to look over your bike or have someone do it for you. Check your Tires (condition, and pressure) Lights, Fluids, and Brakes. Practice when you can, slow maneuvers, braking etc. Also be aware of the road conditions. There are many Pot-holes out there as well as sand and debris. In this newsletter there are links to report potholes, as always if you see them report them.

happy
mother's day!

May is a busy Month for us as well. Along with all the events going on we also have the NCOM Convention in Kansas City Missouri from May 9th until May 12th. This trip is sponsored by Mitch Proner and there we meet with clubs from around the country and discuss each other's concerns and legislative issues. After that Abate of NY has the freedom rally in Albany on May 19-20th. Following that it is the Bikers in the Beltway in Washinton D.C. May 20-21st, that is where we meet with the Motorcycle Riders Foundation and over 35 other Motorcycle Rights Organizations and we lobby our Politicians from the Assembly and the Senate with our concerns and wishes. During our meetings we explain our concerns and help them understand the importance of the issues we bring to them in hopes for their support. Pictures and Story to follow next month.

As always Long Island ABATE is looking for input and participation from members to better the organization as well as volunteers to help us maintain and grow the organization, while protecting the rights of motorcyclists and trying to keep us safe. If you would like to get more involved or have ideas, please reach out to me or any Board Member. We would love to have you and or your input. Thank You for your continued support.

Ride Safe and Be Well

APRIL 14th

Alliance MC Annual Pig Roast. The party was rocking with music from Jail House Fingers. The food was great as was the people that came to support the club. It really was a nice time walking around seeing everybody and their bikes. Under the food tent, everything looked, smelled and tasted delicious, they know how to throw a party. Everybody seemed to be enjoying the day with friends and family.

New York State Good Samaritan Law

New York now has a 911 Good Samaritan Law. On September 18th, 2011, New York's 911 Good Samaritan law went into effect. This policy seeks to encourage people to call 911 when witnessing or experiencing an alcohol or other drug overdose by providing a limited shield from charge and prosecution for possession of narcotics, marijuana, and for minors, alcohol. The policy also provides limited immunity from arrest when the witnesses who call 911 or overdose victim possesses residual or certain amounts of drugs.

Updates From Josephine

— happy — MOTHER'S — day —

Hello everyone! I hope everyone is getting excited for this riding season! The weather is finally starting to get nice and I'm seeing a lot more bikes out on the road. I hope everyone has gone over their bikes and done pre-inspection before hitting the roads. It's very important to make sure all your air pressure, lights are working and that all your fluids are up to par.

Long Island ABATE is also gearing up for all the upcoming events! Plus we've also been out at a few different events. Heres a bit of what goes on behind the scenes is prepping the totes that we carry with us to make sure we have an abundance of educational items as handouts. Also make sure we have new packets put together for new members that sign up with us. There's so much preparation going on for our Safety and Awareness run which you'll see stories and pictures of next month. Also starting to get things ready preparing for the camp out keep the date in mind August 24th. If anyone is interested and wants to be more involved please contact one of the board members.

We've really enjoyed being out in the community. We just had a booth set up at Fire Riders of New Yorks Bike Blessing . We've gone to Long Island Hog meetings. We've been at Indian Riders group meeting. We've gone to BACA meeting. We really appreciate being invited to your meetings and being able to speak about what Long Island ABATE does in so many different areas to bring safety and awareness to so many on Long Island. If you would like us to come to your meetings please reach out to a board member and we'll make it happen. We always encourage our members also if you were away on vacation or even just a day trip and want to write about it and submit your story with pictures for the newsletter they're always welcome! Until next month.....

Enjoy and ride safe!

By,

Josephine Leonardi

100TH ANNIVERSARY LACONIA MOTORCYCLE WEEK RALLY

STOP PRETENDING, and **START** HEARING

Many of us take our good hearing for granted. But the fact is, good hearing is a precious commodity, and our ears deserve a little respect. We need to hear well to enjoy all the nuances of a symphonic masterpiece, or to enjoy a Broadway stage production. We need to hear well in order to communicate, to learn, and to socialize. And we need to hear well to stay safe.

It has been estimated that 28 million Americans suffer from some form of hearing impairment. Another 78 million Rock-n-Roll generation Baby Boomers have reached “senior” status and many are already experiencing symptoms of hearing loss. Because most hearing loss occurs very gradually, people find ways to compensate without even knowing it. They often change their lifestyle to accommodate the hearing loss, but don’t realize they are withdrawing from routine activities they once enjoyed.

According to the National Council on the Aging, untreated hearing loss can negatively impact your job performance, social life, relationships with friends and family, and ultimately your physical well-being. Additionally, there is a risk of *auditory deprivation*, which refers to the lack of adequate sound stimulation to the brain, and can cause the brain to gradually lose some of its information processing ability. Auditory deprivation occurs when hearing loss goes untreated over a long period of time. In many cases, the effects of auditory deprivation can be helped by wearing hearing aids, and the earlier you treat your hearing loss, the better your chances are of minimizing this risk.

The best course of action is to consult with an audiologist (a professional specializing in hearing health care) who can perform a complete assessment of your hearing and discuss treatment options that best fit your needs. If a hearing aid is recommended, there are many types and sizes to fit all budgets. Today’s digital hearing aid technology is vastly more sophisticated than that of hearing instruments in years past. With features to reduce background noise and improve clarity of speech, digital hearing aids provide a crisp, clear, and more natural sound. Bluetooth connectivity, rechargeability, and tinnitus relief features are now standard in most devices.

Hearing loss is a growing medical condition that needs your attention. It is important to discuss with your physician the symptoms of your hearing loss and its impact on your lifestyle. Answer the following questions to help you decide if a hearing evaluation is needed. Be honest with yourself, because this is about your well-being and quality of life.

1. Do you have trouble hearing on the telephone?
2. Do you avoid social activities because you cannot hear well and fear you will reply improperly?
3. Do others complain that you turn the TV volume too high or do you have trouble understanding the dialogue on the TV?
4. Do you have to strain to understand conversation?
5. Do you find yourself asking people to repeat themselves?
6. Do you have trouble hearing in a noisy background, such as a crowded room or restaurant?
7. Do you misunderstand what others are saying and respond inappropriately?
8. Do you get confused about the direction sounds come from?
9. Do other people seem to mumble or not speak clearly?
10. Do you have trouble understanding the speech of women and children?
11. Do people get annoyed because you misunderstand what they say?
12. Do family members and friends comment about your hearing?

If you answered “Yes” to 3 or more questions, you should speak to an audiologist about scheduling a comprehensive hearing evaluation and share the test results with your physician.

(The preceding questions were adapted from AAO-HNS, American Academy of Otolaryngology-Head & Neck Surgery, and NIDCD, National Institute on Deafness and Communication Disorders.)

To find out more about hearing loss and treatment options for you or someone you know, or to schedule a comprehensive audiological evaluation, contact H.E.A.R.S. Audiology at (631) 360-HEAR (4327).

Join the cause & become a member today !

The MRF's primary goals include:

- Monitoring and influencing federal legislation for any impact on the motorcycling community at large
- Representing street motorcyclists by participating in federal research and advisory committees
- Protecting street motorcyclists from unfair or burden some federal agency restrictions and regulations
- Ending discrimination against street motorcyclists
- Providing all street motorcyclists with direction and information to protect their motorcycling rights
- Promoting motorcycling safety, training, education, licensing and public awareness on American roads

WHO WE ARE

The Motorcycle Riders Foundation is the Nation's premiere motorcyclists' rights organization that is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. We are also committed to educating rights advocates to improve effectiveness at the state and local levels. The MRF works together with street motorcyclists, State Motorcyclists' Rights Organizations (SMROs), the motorcycle industry, the media and other organizations, assisting them with state and local agendas as well as working with them to influence action and policy in Washington, DC - from the Congress to government departments and agencies to the Office of the President of the United States. We also work with allies in Canada, Europe and Asia to influence talks on vehicle globalization and harmonization that are proceeding under the United Nations and the World Health Organization.

I bought the bike in 2019 in CT with 299 miles. It sat in someone's garage. My long time mechanic checked it all out. I've maintained it every year since. I also threw on new tires just to be on the safe side and the pipes. I'm not original owner. I have a clear title.
