Long Island ABATE

AMERICAN BIKERS for AWARENESS TRAINING & EDUCATION

The main purpose of the ABATE organization is to work toward continued freedom of the road by insuring that motorcyclist's point of view is presented to our legislators and to promote motorcycle safety, rider education and public awareness. We are trying to alleviate the very real possibility of "Big Brother Government". We encourage all our members to be informed registered voters. We write letters to our elected officials and stay aware of what is going on with motorcycle legislation, and other transportation issues. We welcome interested parties to any of our activities or to join our organization.

President's Message

Hello Everyone,

I can't believe July is here already. I hope all the Dads and Acting Dads had a great Father's Day. The months seem to be flying by, we have had so much going on. We ended May with the Ronkonkoma Street Fair, and we started the month of June off with Flag pick up at Calverton National Cemetery. From there we attended a Fund Raiser at the Warrior Ranch. The following day we had a booth set up at the Red Knights Bike Annual Bike Blessing, immediately after that we stopped by and set up at Twisted Cycles Sound off Competition at TGI Fridays. We also had a booth set up at the Paws of War Car Show. All the events were great.

Next up was the Nassau County Traffic Safety Meeting, there we discussed various topics about safety and enforcement issues including Seatbelt and DWI enforcement. We were also notified of the upcoming Traffic Safety Symposium in the fall in Upstate NY. We discussed Motorcycle Crashes in Nassau, and the numbers were down, however the number of crashes in Suffolk County are on the rise. Unfortunately, as I write this there have been over 11 Serious personal injuries of which 8 were Fatalities and 3 of them were single vehicle crashes. We have Got to be more Careful out there, practicing our skills (including braking and Slow maneuvers) along with Awareness are key to increasing our survival rate. Yes, some situations are out of our control, however if we know there are certain threats to our survival and we do nothing about it, we become part of the problem.

On June 8th we had a booth set up at the Social Brain's event, where we gave out a lot of our coloring books and bracelets as well as spoke to kids and adults about Motorcycle Awareness. The Following day we Had our annual Veterans Appreciation Run. Although the weather was less than desirable, we had a Great turnout. The ride escorts were great, and we all arrived at the Elks Lodge in Southampton safely. Once there we attended their Flag Day Ceremony, which was great. After the ceremony the Elks fed everyone. It truly was a great event. On June 12th some of us attended Mike Osip's Flag Day Dinner hosted by the Riverhead Polish Hall. There were awards given as well as live music, food and raffles. The proceeds from the raffles were donated to our Veterans Fund.

The following weekend the USA Patriots/ Wounded Warrior Amputee softball team came to town. Thursday the team and some supporters got together for a casual evening. On Friday the team was at the Police Academy in Brentwood, where they had a meet and greet along with a Home Run Derby. Unfortunately, the BBQ was canceled and everyone from the team gathered at the Marine Corp League in Massapequa for an evening of pizza and socializing. On Saturday morning we gathered at the hotel the team was staying and escorted them to the field in Moriches.

Once there we reassembled and escorted the team on the field. There was an opening ceremony and then they played a double header. The weather was great as were the games. Talk about Inspirational, to watch and interact with these people is amazing. If you haven't been part of this, I highly recommend it. We can't wait to see them all next year.

On June 21st we had our Stop the Bleed Class along with Long Island Hog and the Elks Lodge in Centereach. Hosted by the Elks Lodge and put on by Stony Brook University Hospital, Pictures an article to follow next month. The rest of the month was spent doing booths at various events, spreading awareness and being in the community, pictures to follow in next month's Newsletter

Campout planning is in full swing, we are looking for volunteers to help in the planning and set up of this great event. Don't forget there will be a Chili Cook Off and Bike Games as well as Live Music. Don't forget you can also go early for an additional fee at the park. If you're interested in helping at this event reach out to Josephine at bandcampgirl64@gmail.com Tickets are \$40.00 in advance and \$50 at the gate. If interested in purchasing tickets, please reach out to a board member or see us at a booth or meeting.

Our Drivers Education Motorcycle Awareness presentation continue to grow. We have a full summer planned already. We will be looking for more presenters come the fall. We anticipate more classes than last year. If you would like to make a difference and get involved, please reach out to me at chrisliabate@gmail.com .

As always Long Island ABATE is looking for input and participation from members to better the organization as well as volunteers to help us maintain and grow the organization, while protecting the rights of motorcyclists and trying to keep us safe. If you would like to get more involved or have ideas, please reach out to me or any Board Member. We would love to have you and or your input.

Thank You for your continued support.

Ride Safe and Be Well

BICYCLE & HELMET SAFETY DAY SATURDAY JUNE 8, 2024

Town of Brookhaven
New Village
Community Center
parking lot
20 Wireless Rd
Centereach 11-3pm

Helmets will be given
to each child and adult
for FREE from our
organization.
Bikes inspected by
local bike shop

Suffolk County Sheriff's Dept
will do child safety IDs

We are thankful to the sponsors
who are supporting our day.

No one should go
without a helmet. It's
one's life & the law.

Parents need to be a role model to
wear helmets as well.

Updates From Josephine

HAPPY
4TH OF JULY

I hope everyone's getting out and enjoying this beautiful weather we've been having! I was fortunate enough to be able to get away for a quick weekend up at Lake George New York for Americade bike week. It was a quick little weekend getaway. I left Friday night May 31th and stayed until Sunday in June 2nd. I drove upstate Friday night late after work to meet Margaret AKA Mama Dukes. We stayed a really cool place called Lake George Escape Campground in Schroon Valley Warrensburg New York. The campground is really cool, it caters to campers, tents, with electric hookups and without, cabins, and tiny houses! We stayed in a tiny house.

Early Saturday morning we were up and out and had a tent set up at Warrensburg Bike week 175 East Schroon River Road. There were many vendors set up from places doing oil changes, tire changes etc. To people selling t-shirts, lemonade, and veterans set up. We were there for the day handing out information from lawn signs, our bracelets, National COIR information, our coloring books and crayons were a real hit! We were also explained to motorcyclists that were coming how important it is for them to join their local Motorcycle Rights Organizations, and how important it is to add volume to the voice! I noticed with talking with a lot of the people that stopped by the table, they really didn't know how important it is and what these organizations do as far as bikers in the beltway, advanced classes and training, And they certainly didn't know about a lot of the legislation information that we provide also. They didn't know about the right to repair act, they didn't know how important it is to even join the MRF. I found it very fulfilling explaining a lot of this information to them and telling them how important it is also to take the motorcycle profiling survey every year. I can only hope that this information that I provided to them they seem very interested in will make a difference! A lot of people stopping by where people that were down by Lake George out riding around and came across where we were with other vendors. I even got to see my friend Cynthia who had moved from Long Island to upstate New York! It was definitely a great weekend and I hope to do it again next year!

Don't Give Up...

Have you ever had plans that have fallen apart at the last moment? You have a taste for something or you prepare to do something and...**BOOM**...something stops the plans.

Christians say, "we plan and God laughs." Isn't that the truth!!! Whether you're a lover, believer, and follower, of Jesus Christ, or not, you gotta agree. We can plan,

prepare save up, buy parts, get things delivered to us...and whatever it is... sometimes that time just passes.

Don't give up. Try to do it again. Keep the supplies and parts and stuff, and do it another time. Stay focused. The plan will come together. The Bible has a scripture that says, "and we know that all things work together for good for those who love God, to those who are called according to His purpose." Whatever we do, we shouldn't give up. Stay focused on the goal. If God is in our plans, we're good. There always hope.

If you haven't accepted Jesus as your Savior and Lord, I encourage you to do so. Not only for eternal life, but also for peace, hope, and love, that you'll receive now. Stay well, ride safe, enjoy the creations around you. God bless you all.

With love and Hope,
Pastor Gerry " G"

Ride safe, be careful and have fun. Chris Beckhans, LI ABATE

Enjoy the Sounds of Summer...Safely!

Summertime is all about fun in the sun, but did you know many summer activities can damage your hearing? Firework shows, concerts, and air shows often exceed 85 decibels, risking **Noise-Induced Hearing Loss.**

Protect your hearing and enjoy your favorite summer activities.
Call us now to schedule an appointment for **Custom Hearing Protection!**

Ask about our **BOGO** offer
extended until July 31st!

(631) 360-4327 | 732 Smithtown Bypass, Suite 301, Smithtown, NY 11787

10 Sounds of Summer That Can *Harm* Your Hearing

Life just seems easier in summer. Summertime gives us a chance to kick back, relax, and have fun. But the summer also brings a host of noisy activities that could potentially damage our hearing. This seems like a good time to remind our readers of the sounds to watch out for this summer and take steps to protect your hearing so that you can stay safe and enjoy all that the season has to offer.

Sun's Out, Fun's Out and Earplugs Are In

Noise-induced hearing loss (NIHL) is more common than you might think. Repetitive exposure to loud sounds or even a single exposure to a very loud sound can cause hearing loss. Any sound at or above 85 decibels (dB) can cause hearing loss. Here are some of the loud summertime activities that pose a threat to your family's hearing:

- 1) **FIREWORKS DISPLAYS** —The snap, crackle and pop of fireworks sure look pretty, but they can do a number on your ears. Most fireworks clock in at 125 dB, which is in the danger zone for hearing damage. Use earplugs for adults and young children and earmuffs for babies and toddlers. Even a single blast can do harm!
- 2) **AIR SHOWS** —Don't just wing it when you go to an air show—bring your hearing protection. The sound of a jet engine is between 120-140 dB, which is extremely harmful to your ears.
- 3) **OUTDOOR CONCERTS**—Because concert noise levels are frequently over 100 dB, you should always rock out with your earplugs in.
- 4) **PARADES**—Children love parades, but the noise levels can harm your child's hearing. Earmuffs are an excellent way to keep your kids' ears safe.
- 5) **YARD WORK** —Keeping your lawn in shape is practically a full-time job during the summer! Unfortunately, lawn equipment like lawnmowers and hedge trimmers emit sounds between 80-105 dB, so wear your earplugs.
- 6) **CONVERTIBLES**—Taking a spin in a convertible is a treat for the senses—except when it comes to your hearing. The roaring engine and noise from other cars can contribute to tinnitus and other symptoms of hearing damage. You can't use earplugs while driving, but you can minimize your noise exposure by rolling up the windows.
- 7) **TARGET SHOOTING** —Set your sights on protecting your hearing with earplugs and earmuffs while shooting this summer. Nearly all firearms deliver sounds above 140 dB, and small-caliber firearms are above 120 dB.
- 8) **BASEBALL GAMES** —America's favorite summer pastime is nosier than ever, with fireworks, loud announcers and rock music. Remember to score some earplugs before you set foot in the stadium.
- 9) **CAR RACES** —All that vroom-vrooming can be disastrous for your ears—races average between 90-110 dB. Keep your hearing on track by popping in some earplugs.
- 10) **MOTORCYCLES AND SPEEDBOATS** —Fancy yourself a bit of a James Bond as you fly over open water or whip along a twisty road? Every 007 needs earplugs—they offer protection against the excessively loud engine and wind noise.

Stay Safe This Summer with Custom Ear Protection

Without hearing protection, you may experience a temporary muffling of sound or ringing in the ears (tinnitus) shortly after engaging in one of these outdoor activities. These are warning signs that your ears are suffering from the loud noise exposure. While disposable earplugs will do in a pinch, custom-molded earplugs are your best bet at preventing hearing loss. Custom-molded earplugs are designed to fit your unique ear canal shape perfectly and have filters to allow you to hear conversations, making them much more comfortable than off-the-shelf options and more likely that you will wear them regularly.

Keep your hearing out of harm's way as you enjoy all your favorite summer activities—give us a call to schedule your consultation for custom ear protection today! **Ask about our BOGO offer extended until July 31st!**

We encourage our readers to contact us with any questions.

Welcome to the National Council Of Informed Riders, commonly referred to as National COIR. Due to your current or previous membership in Long Island ABATE, you are automatically registered in National COIR as an added benefit from Long Island ABATE. This additional membership is absolutely FREE. As a member of National COIR you are automatically enrolled in a FREE \$3,500 Acci-

dental Death & Dismemberment (AD&D) insurance policy. This coverage is also absolutely FREE, and is in addition to the \$4,000 of coverage that you currently receive from Long Island ABATE. Therefore, your membership in Long Island ABATE entitles you to \$7,500 worth of AD&D insurance.

Our goal at National COIR is to network all motorcyclists across the country so they are kept informed about important issues affecting motorcyclists. There are more than 50 Motorcycle Rights Organizations (MRO's) in America. They work hard to protect our rights as motorcyclists, but their effectiveness is basically limited to their current membership. National COIR intends to share their important information to a much wider audience so more people are aware of the issues that affect us all. The more people that are informed of the issues, the more people that can influence legislation when the need arises. There is strength in numbers and National COIR intends on sharing this important information throughout our community nationally. Our membership currently includes thousands of members across 43 states, and we are continuing to grow each day.

National COIR entered into a Non-Disclosure Agreement (NDA) with Long Island ABATE which prevents us from ever sharing your personal information with anyone. Your information is as safe with National COIR as it is with Long Island ABATE.

You are welcome to invite your family and friends to register for National COIR and they will also receive a FREE \$3,500 AD&D insurance policy. They can register absolutely FREE at www.nationalcoir.org/register.

If for any reason you do not want to be a part of National COIR, or receive the FREE \$3,500 AD&D insurance, simply reply to this email and indicate that you wish to opt out of your free membership, and your information will be deleted from National COIR.

We hope that you recognize the importance and strength your membership brings to our motorcycle community and allow us to keep you informed.

To learn more about National COIR, check out our website at www.nationalcoir.org.

If you have any questions, feel free to send an email to Director@Nationalcoir.org and we'll be happy to answer them for you.

The MRF's primary goals include:

- Monitoring and influencing federal legislation for any impact on the motorcycling community at large
- Representing street motorcyclists by participating in federal research and advisory committees
- Protecting street motorcyclists from unfair or burden some federal agency restrictions and regulations
- Ending discrimination against street motorcyclists
- Providing all street motorcyclists with direction and information to protect their motorcycling rights
- Promoting motorcycling safety, training, education, licensing and public awareness on American roads

WHO WE ARE

The Motorcycle Riders Foundation is the Nation's premiere motorcyclists' rights organization that is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. We are also committed to educating rights advocates to improve effectiveness at the state and local levels. The MRF works together with street motorcyclists, State Motorcyclists' Rights Organizations (SMROs), the motorcycle industry, the media and other organizations, assisting them with state and local agendas as well as working with them to influence action and policy in Washington, DC - from the Congress to government departments and agencies to the Office of the President of the United States. We also work with allies in Canada, Europe and Asia to influence talks on vehicle globalization and harmonization that are proceeding under the United Nations and the World Health Organization.

I bought the bike in 2019 in CT with 299 miles. It sat in someone's garage. My long time mechanic checked it all out. I've maintained it every year since. I also threw on new tires just to be on the safe side and the pipes. I'm not original owner. I have a clear title.
