WE ALL RIDE FOR
FREEDOM OF THE ROAD"

We Want You

To Ride With Us!

Long Island ABATE

AMERICAN BIKERS for AWARENESS TRAINING & EDUCATION

The main purpose of the ABATE organization is to work toward continued freedom of the road by insuring that motorcyclist's point of view is presented to our legislators and to promote motorcycle safety, rider education and public awareness. We are trying to alleviate the very real possibility of "Big Brother Government". We encourage all our members to be informed registered voters. We write letters to our elected officials and stay aware of what is going on with motorcycle legislation, and other transportation issues. We welcome interested parties to any of our activities or to join our organization.

President's Message

Hello Everyone,

It's July already and Mother Nature has made riding challenging the past month. Many events were canceled or postponed. Long Island ABATE has been out and about at various events including the Ronkonkoma Street Fair, spreading awareness and informing people of who we are and what we do. On June 8th we held our Annual Veterans Appreciation Run at North Sea Community Field. The weather was great and so was the turnout. We went on an escorted ride from the field to the LCpl Jordan C. Haerter Veterans Memorial Bridge where we gathered and crossed in parade style, then through the village of Sag Harbor and Back to the field for a BBQ. We had 2 Guests from South Carolina, Lenny and Michelle Holcomb. Michelle "Shelly" was an M.P. in Vietnam and Lenny was in the Navy. They were both recognized during the ceremony as well as many others for their service in the Military. I want to take a moment and thank everyone that attended as well as all the volunteers. We couldn't do it without you all. Thank you to All the Veterans out there, we couldn't do what we do without you.

The Following weekend The USA Patriots came to town. Thursday there was a small gathering of friends and family. Friday, they split up and attended a few schools to promote awareness and show the kids that as they say "Life without Limbs is Limitless"

After the school visits they gathered at a field in Brentwood for some practice and a BBQ after. The next morning Mother Nature was not so kind. It was raining in the morning, so the escort to the field was delayed as were the games. They were able to warm up a bit and toss the ball around and eventually the games were called off due to rain.

Unfortunately, the crashes continued through the month although I am pleased to report that the riders are recovering from their injuries. I can't stress enough how important it is to be aware of your surroundings and anticipate the possibility of a situation occurring. I also can't stress how important practice is. Many of us have been riding for years and experience is not always skill. Practicing in a close course is a good idea. Learn what you and your machine can do and improve them, maybe take an advanced skills class or two. We have a few different schools to choose from. The Goal is to enjoy the ride and get to where we are going safely.

We are currently in high gear planning the Campout in August. We are looking for Donations and volunteers for the event. Please reach out to me or a Board member if you can and want to help.

The summer Motorcycle Awareness classes are booked for the driver's education at various schools across the Island. If you or someone you know is in a school that would like to have us present in their driver's education classes, please let me know.

As always Long Island ABATE is looking for input and participation from members to better the organization as well as volunteers to help us maintain and grow the organization, while protecting the rights of motorcyclists and trying to keep us safe. If you would like to get more involved or have ideas, please reach out to me or any Board Member. We would love to have you and or your input.
Thank You for your continued support.

Together we can make a Difference

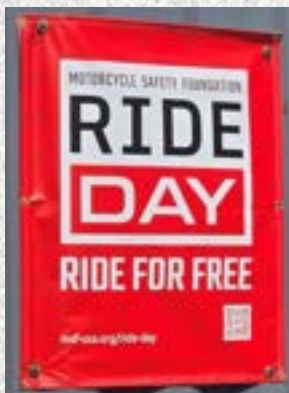

Ride safe and Be Well

Updates From Josephine

Article by ...Josephine... 2nd VP Long Island ABATE

May 18th: It was an early morning setup for Long Island ABATE at the 20th Annual Bike Blessing and Ride fundraiser for the Red Knights MC. The event was held at North Sea Fireman's Memorial Athletic Field, and we were there showing support bright and early at 8:00 a.m. The weather was beautiful! Once kickstands were up, the ride took off and eventually returned to the same location. Everyone enjoyed a barbecue and plenty of great photo ops.

Later, after signing up a few new members and selling some T-shirts, we packed up, loaded the tent, and hit the road again—this time heading to Durham, New York, for the ABATE of New York meet-and-greet at Blackthorn Resort. Riders gathered before ascending on the Capitol Monday morning. After a long day, we made it home late that night.

The next morning, Chris and a few others rode down to Washington, D.C., for Bikers in the Beltway, where they walked the halls of the Capitol building, meeting with legislative representatives to advocate for Long Island ABATE and everything we stand for. Needless to say, it was a very busy weekend!

May 30th: After all that, we took the weekend off for some well-deserved R&R, catching Kid Rock live in York, Pennsylvania. But there was little time to rest before gearing up for the next big event...

June 8th: Long Island ABATE's 2025 Veterans Appreciation Run.

That ride was nothing short of incredible! Over 245 motorcycles and riders gathered at North Sea Fireman's Memorial Athletic Field in Southampton, with perfect weather setting the tone for an amazing day. From DJ Vinny of Hair Force One keeping the music lively, to Melissa from Knockout delivering a powerful rendition of the national anthem, and Dennis Sullivan from Post 4927 Port Jefferson Station sounding the bugle—the entire event was filled with energy and respect.

A heartfelt thank you to Bill Quinn for a beautiful flag ceremony, and to all the volunteers who made the day possible. Most importantly, thank you to all our Veterans for your service—without you, we wouldn't have the freedoms we enjoy today! Till next time enjoy and Ride safe!

NATIONAL NEWS

Congressional Ride To Work Day

June 10, 2025 - Washington, DC

Monday, the Motorcycle Riders Foundation (MRF) joined several other members of the Washington, D.C. motorcycling community to celebrate the annual "Ride to Work Day." To kick off the evening, members of Congress rode to the U.S. Capitol to cast votes on several pieces of legislation before joining a larger ride to Mt. Vernon, home of our first president, George Washington.

2025 is the second year the Congressional Motorcycle Caucus has hosted the event, which is growing in popularity! This year, eight members of Congress attended the event, six of whom led the ride. We are most grateful to the United States Park Police, with a Motor Unit established in 1917, for escorting the ride. The MRF thanks Representatives Tim Walberg (MI), Don Bacon (NE), Troy Balderson (OH), Mike Bost (IL), Mike Collins (GA), Warren Davidson (OH), Claudia Tenney (NY) and Derrick Van Orden (WI) for joining the festivities. The MRF joined with representatives from the American Motorcyclist Association, BMW, Buell Motorcycles, Harley-Davidson Motor Company and Indian Motorcycle for this fantastic event. Working with like-minded motorcycle organizations is important for achieving our legislative goals.

In the words of Congressional Motorcycle Caucus Chair Tim Walberg, "Today was a great day!" We at the MRF couldn't agree more. Any day you can get on a motorcycle and ride with others who truly want to make things better for all riders is indeed a great day.

Motorcycle Tax Credits

June 17, 2025 - Washington, DC

Monday, the Motorcycle Riders Foundation (MRF) sent letters to leaders in the U.S. Senate supporting motorcycle ownership provisions in the House passed H.R. 1, better known as the "One Big Beautiful Bill." The letters were sent to Majority Leader John Thune of South Dakota and Senate Finance Chairman Mike Crapo of Idaho.

The provisions make interest on loans used to purchase American-made personal vehicles, including motorcycles, tax-deductible. There is concern that this provision may be changed in the Senate, applying the tax deduction only to automobiles. This change would not allow those purchasing new, American-made motorcycles that same benefit. The MRF believes that by making the interest on loans for American-made motorcycles deductible, more money will be put back in the pockets of U.S. middle-class riders while further strengthening U.S. manufacturing, U.S. dealers and after-market repair and mechanic shops, ensuring a solid, safe, and strong motorcycle industry.

Expanding opportunities for Americans to purchase motorcycles is a good thing! The MRF is proud to support the efforts of companies like the Harley-Davidson Motor Company as they seek to grow the community of riders.

NATIONAL NEWS

CALL TO ACTION! Definition Of A Motorcycle

In the last week of May, Congressman Derrick Van Orden of Wisconsin introduced a bill that directs the Secretary of Transportation to update the nearly 60-year-old federal definition of a motorcycle. In recent years, a new type of vehicle has entered our roadways, commonly referred to as an autocycle. These autocycles are classified as motorcycles at the federal level but have little resemblance to a motorcycle and the operational characteristics are vastly different.

The Motorcycle Riders Foundation believes this ambiguity about autocycles has created an unnecessary patchwork of rules and regulations regarding licensing, insurance, safety statistics, registration and training courses from state-to-state.

Updating the definition of a motorcycle has been on the MRF's legislative agenda for several years. We are grateful that Rep. Van Orden has taken the first step to address this concern. H.R. 3385 will bring the federal definition of a motorcycle into the 21st century.

H. J. Res. 88 Passes On To President

May 22, 2025 - Washington, DC

Today, the U.S. Senate passed by a vote of 51 to 44, H.J. Res 88, a resolution that would overrule the Environmental Protection Agency's rule allowing California to effectively mandate the sale of electric vehicles over the next decade. This plan by California threatens not only the Internal Combustion Engine (ICE) in California but also the entire country, as several other states have tied their rules to those implemented in Sacramento.

You may remember that earlier in the month, the Motorcycle Riders Foundation (MRF) put out a call to action urging the U.S. Senate to vote on this resolution as the House of Representatives had passed it in April.

A vote today and two other planned votes on similar Californian proposals are major victories in the defense of ICE. Protecting ICE is a key part of the MRF's 2025 legislative agenda and we are pleased with the actions taken today in the U.S. Senate. This victory, coming the same week as hundreds of bikers met with lawmakers on this same topic, is a sign that we are being seen and heard in Washington, D.C. Thank you to lawmakers for understanding the need to provide consumers a choice in the type of engine they buy and to all the bikers who spoke up in defense of the Internal Combustion Engine.

RIDE WITH THE LEADERS!

Thousands of motorcyclists' rights activists have attended MRF sponsored annual regional and national workshops since 1985. These workshops provide the nuts and bolts, "user friendly" subjects and training to assist motorcyclists in defending, building, and strengthening their grassroots organizations.

Motorcycle Riders Foundation is proud to present their annual conference for politically motivated motorcyclists! Spend the weekend with some of motorcycling's most educated and dedicated activists. Learn what issues will impact bikers today and in the future!

Use the applications below to join and support the Motorcycle Riders Foundation and to pre-register for the 41st Annual Meeting of the Minds, September 25-28, 2025.

MRF MEETING OF THE MINDS 2025 PRE-REGISTRATION

(Must be received by September 10, 2025 to qualify for discounted rate)

10 Sounds of Summer That Can *Harm* Your Hearing

Life just seems easier in summer. Summertime gives us a chance to kick back, relax, and have fun. But the summer also brings a host of noisy activities that could potentially damage our hearing. This seems like a good time to remind our readers of the sounds to watch out for this summer and take steps to protect your hearing so that you can stay safe and enjoy all that the season has to offer.

Sun's Out, Fun's Out and Earplugs Are In

Noise-induced hearing loss (NIHL) is more common than you might think. Repetitive exposure to loud sounds or even a single exposure to a very loud sound can cause hearing loss. Any sound at or above 85 decibels (dB) can cause hearing loss. Here are some of the loud summertime activities that pose a threat to your family's hearing:

- 1) **FIREWORKS DISPLAYS** —The snap, crackle and pop of fireworks sure look pretty, but they can do a number on your ears. Most fireworks clock in at 125 dB, which is in the danger zone for hearing damage. Use earplugs for adults and young children and earmuffs for babies and toddlers. Even a single blast can do harm!
- 2) **AIR SHOWS** —Don't just wing it when you go to an air show—bring your hearing protection. The sound of a jet engine is between 120-140 dB, which is extremely harmful to your ears.
- 3) **OUTDOOR CONCERTS**—Because concert noise levels are frequently over 100 dB, you should always rock out with your earplugs in.
- 4) **PARADES**—Children love parades, but the noise levels can harm your child's hearing. Earmuffs are an excellent way to keep your kids' ears safe.
- 5) **YARD WORK** —Keeping your lawn in shape is practically a full-time job during the summer! Unfortunately, lawn equipment like lawnmowers and hedge trimmers emit sounds between 80-105 dB, so wear your earplugs.
- 6) **CONVERTIBLES**—Taking a spin in a convertible is a treat for the senses—except when it comes to your hearing. The roaring engine and noise from other cars can contribute to tinnitus and other symptoms of hearing damage. You can't use earplugs while driving, but you can minimize your noise exposure by rolling up the windows.
- 7) **TARGET SHOOTING** —Set your sights on protecting your hearing with earplugs and earmuffs while shooting this summer. Nearly all firearms deliver sounds above 140 dB, and small-caliber firearms are above 120 dB.
- 8) **BASEBALL GAMES** —America's favorite summer pastime is nosier than ever, with fireworks, loud announcers and rock music. Remember to score some earplugs before you set foot in the stadium.
- 9) **CAR RACES** —All that vroom-vrooming can be disastrous for your ears—races average between 90-110 dB. Keep your hearing on track by popping in some earplugs.
- 10) **MOTORCYCLES AND SPEEDBOATS** —Fancy yourself a bit of a James Bond as you fly over open water or whip along a twisty road? Every 007 needs earplugs—they offer protection against the excessively loud engine and wind noise.

Stay Safe This Summer with Custom Ear Protection

Without hearing protection, you may experience a temporary muffling of sound or ringing in the ears (tinnitus) shortly after engaging in one of these outdoor activities. These are warning signs that your ears are suffering from the loud noise exposure. While disposable earplugs will do in a pinch, custom-molded earplugs are your best bet at preventing hearing loss. Custom-molded earplugs are designed to fit your unique ear canal shape perfectly and have filters to allow you to hear conversations, making them much more comfortable than off-the-shelf options and more likely that you will wear them regularly.

Keep your hearing out of harm's way as you enjoy all your favorite summer activities—give us a call to schedule your consultation for custom ear protection today!

Ask about our BOGO offer extended until July 31st, with free hearing screening included!

MERCHANT IN THE SPOTLIGHT

Hello Ladies and Gentlemen

Every month we try to feature a merchant who will provide members with discounts on merchandise or services

Here is a list of merchants who provide Long Island ABATE members and their families with special pricing on products and or services. This month I would like to review with you some of our supporting merchants.

ENJOY THE BENEFITS OF MEMBERSHIP

Join the cause & become a member today !

The MRF's primary goals include:

- Monitoring and influencing federal legislation for any impact on the motorcycling community at large
- Representing street motorcyclists by participating in federal research and advisory committees
- Protecting street motorcyclists from unfair or burdensome federal agency restrictions and regulations
- Ending discrimination against street motorcyclists
- Providing all street motorcyclists with direction and information to protect their motorcycling rights
- Promoting motorcycling safety, training, education, licensing and public awareness on American roads

WHO WE ARE

The Motorcycle Riders Foundation is the Nation's premiere motorcyclists' rights organization that is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. We are also committed to educating rights advocates to improve effectiveness at the state and local levels. The MRF works together with street motorcyclists, State Motorcyclists' Rights Organizations (SMROs), the motorcycle industry, the media and other organizations, assisting them with state and local agendas as well as working with them to influence action and policy in Washington, DC - from the Congress to government departments and agencies to the Office of the President of the United States. We also work with allies in Canada, Europe and Asia to influence talks on vehicle globalization and harmonization that are proceeding under the United Nations and the World Health Organization.

JOIN THE MRF TODAY!

OUR RIGHTS AND FREEDOMS FEDERALLY DEPEND ON IT!

Leave message

I bought the bike in 2019 in CT with 299 miles. It sat in someone's garage. My long time mechanic checked it all out. I've maintained it every year since. I also threw on new tires just to be on the safe side and the pipes. I'm not original owner. I have a clear title.
