WE ALL RIDE FOR
FREEDOM OF THE ROAD"

We Want You

To Ride With Us!

Long Island ABATE

AMERICAN BIKERS for AWARENESS TRAINING & EDUCATION

The main purpose of the ABATE organization is to work toward continued freedom of the road by insuring that motorcyclist's point of view is presented to our legislators and to promote motorcycle safety, rider education and public awareness. We are trying to alleviate the very real possibility of "Big Brother Government". We encourage all our members to be informed registered voters. We write letters to our elected officials and stay aware of what is going on with motorcycle legislation, and other transportation issues. We welcome interested parties to any of our activities or to join our organization.

President's Message

Hello everyone,

August is now upon us, and it has been busy as usual for Long Island ABATE. We have been at many events in the community distributing Lawn signs and awareness information. We have been continuously presenting at driver's education classes in various schools across the island. Life to date we have presented to over 3500 young drivers. We are looking to expand our program to more schools on the island, so if you know anyone in your or any school district, please let me know.

We are so looking forward to the campout on the 23rd of this month. We have been planning this event for months. There will be Bike games, a Chilli cookoff, 3 Bands, and Dinner as well as other adult fun. If you're interested in coming earlier or staying later, you must register at the booth up front and you are responsible for the additional cost. Also Make sure you have your trailers are registered and inspected; they will be checking them. If you are bringing a pet, please make sure they are also licensed and have had their rabies shots, and you have proof of it. This is an event Not to be Missed, it is fun for everyone. We are also looking for donations, whether they are gift cards or full baskets, we would like them as soon as possible. These donations help tremendously with making this event affordable for all who attend. The cost of this event is only \$40.in advance and \$50. the day of the event. I hope to see you there.

Motorcycle crashes are still sadly happening, and I can't stress enough that you must be aware of your surroundings and your ability to control your machine. I continuously promote practicing and taking classes to expand your skills.

Coming up next month is the Meeting of the Minds in Shreveport Louisiana. There we will be meeting with many MROs (motorcycle rights organizations) from across the country and we will be setting the National legislative agenda for next year. We will also be attending many breakout sessions and bring the information from there back home to our members.

As always Long Island ABATE is looking for input and participation from members to better the organization as well as volunteers to help us maintain and grow the organization, while protecting the rights of motorcyclists and trying to keep us safe. If you would like to get more involved or have ideas, please reach out to me or any Board Member. We would love to have you and or your input. Thank You for your continued support.

Together we can make a Difference

Ride safe and Be Well

Chris Beckhans

President of Long Island ABATE

Greetings all Long Island ABATE members and friends!
The riding season has begun and I want to wish everyone safe travels!

As we hear on the radio and TV, more and more motorcycle accidents are occurring! The inattentive people who drive cars, vans, pickups and trucks are causing more motorcycle accidents than ever before! People are doing more than just driving in their vehicle they are on their cell phone, or doing anything but keeping their eyes on the road! We have to learn to ride defensively to avoid such behavior to avoid having an accident. One

of the ways Long Island ABATE is trying to lessen the chance of accidents is to start early by talking to students in high school driver ed classes about sharing the road with motorcycles. This is accomplished by not only talking to them in class, but by also showing them some very graphic movies and slides of the results of inattentive driving!

At one of meetings it was brought to our attention that motorcycle-driving schools had their business renewal on hold thereby not being able to operate until the issue was resolved! Your Long Island ABATE officers took up the issue with the NYS Comptroller's office in Albany and the issue was eventually solved!

Your LI ABATE officers, along with a few active members, also attend bike night meetings and are also invited to club meetings to spread the word of our activities. We recently lobbied in Washington DC to protect all motorcycle issues that will effect all of us! Some examples you might not hear about are, the right to repair our bikes, the demise of the combustion engine, leading to all electric vehicles, including motorcycles, and the profiling of motorcyclists while riding just because of our life style or patch on the back of a vest!

I continue to attend Suffolk County Police community meetings and report the issues discussed at our general membership meetings.

I am also your voice as a member of the Suffolk County Board and attend the Nassau County Traffic Safety Board meetings too, where I discuss motorcycle issues with both boards. In Nassau I'm proud to attend with Our LI ABATE President Chris Beckhans!

Soon some of the Board will be attending more educational workshops and meetings. It is our privilege and honor to do so! We are all volunteers and serve at no salary or cost.

Until next month,

Nick

Am I Eligible for No-Fault Coverage in The Event of a Motorcycle Crash?

By Michael Levine Esq. (Motorcycle Mike)

Most motorcycle riders are shocked to learn that New York's No-Fault Insurance Law does not cover motorcyclists. Under Article 51 of the NY Insurance Law, motorcyclists are specifically not entitled to no-fault benefits in the event of a crash that results in personal injury.

What This Means for Riders:

- No automatic coverage for medical bills or lost wages after an accident.
- Riders must rely on their own health insurance to pay their medical bills.
- Even if the other driver is at fault, that drivers' insurance is NOT responsible for payment of the motorcyclist's medical bills.

The Solution: SUM Coverage

Supplemental Uninsured/Underinsured Motorist (SUM) coverage is essential for motorcyclists. It protects you if:

- The at-fault driver has no insurance.
- The at-fault driver's insurance is insufficient to compensate the motorcyclist for his/her injuries

Why It's Critical:

- Most drivers in NY only have \$25,000 of liability insurance. That will not begin to compensate a motorcyclist who has serious injuries.
- SUM coverage can eliminate that problem by providing compensation for pain and suffering.

If you ride in New York, adding SUM coverage is not an option. It is essential!

Here is what you should have, at a minimum:

BODILY INJURY LIABILITY **\$ 250,000**

PROPERTY DAMAGE **\$ 50,000**

SUM INSURANCE COVERAGE **\$ 250,000**

Updates From Josephine

Article by ...Josephine... 2nd VP Long Island ABATE

Hi everyone!

I hope you all have been out enjoying this weather as we have. We've been out and about all over, I'm going to go through a quick few rundowns of where Long Island ABATE has been set up.

On Friday night June 7th myself, Chris and Bill met up with a few people from Long Island Street Riders and two other groups. We are working on a meet and greet to talk to a lot more of the street bike riders. This way we can go in a little more in depth about Long Island ABATE, who we are, what we do, what we can offer them, advanced classes, riding schools that we work with etc. The meeting went very well. And the meet and greet date is in the works. Stay tuned for more info on that.

On Saturday June 21st we were set up at Suffolk Harley-Davidson for Riding for Autism. It was a beautiful day out there were plenty of vendors and raffle baskets set up that day. They had over 150 bikes show up at the start site which was also the end site. They also had an awesome barbecue setup for the riders when they got back.

Saturday June 28th Myself, Chris and Irish Pat were set up at the Down Biker Run for Bikers for Christ and Rushing Wind Biker Church. The weather that day was not very promising in the morning which made The run a little light that day. Finally the sun came out and it turned out to be a beautiful day. A lot of people that didn't come out for the run definitely came by to show support! There were a lot of vendors set up, and the band was awesome! The food and company there all day was awesome! Then the very next day on Sunday the 29th we divided and conquered two events that day. Lisa and I went out to Hicksville early that morning for the Fighters of Fire Christmas in June run. It was a beautiful day! Once we were there, we had plenty of help unloading my truck, setting up and mingling with everyone. Margaret was also set up supporting motorcycle Mike right next to us. I believe they had close to 200 bikes that showed up with plenty of gifts since it was Christmas in June! We signed up a renewal and a new for 5 years. And we collected money in the Vet's jug. Later that afternoon the board members got together to do another campout meeting which we went over everything in preparations for the campout August 23rd and 24th which we hope to see a lot of you there! We also met another night at the storage unit to do inventory and label things that need to be brought to the camp out.

Last but not least on Wednesday July 2nd we did our first bike night at Frogzz saloon in Ronkonkoma. It was a very nice night! Please see all the supporting pictures that go along with this article. Until next month.... When you're out riding, please be aware of your surroundings and enjoy!

Josephine

RIDE WITH THE LEADERS!

Thousands of motorcyclists' rights activists have attended MRF sponsored annual regional and national workshops since 1985. These workshops provide the nuts and bolts, "user friendly" subjects and training to assist motorcyclists in defending, building, and strengthening their grassroots organizations.

Motorcycle Riders Foundation is proud to present their annual conference for politically motivated motorcyclists! Spend the weekend with some of motorcycling's most educated and dedicated activists. Learn what issues will impact bikers today and in the future!

Use the applications below to join and support the Motorcycle Riders Foundation and to pre-register for the 41st Annual Meeting of the Minds, September 25-28, 2025.

Hearing Well Is Your Key to Connection

It's August, which means it's Hearing Health Awareness Month! The association between hearing loss and numerous medical conditions, including diabetes, chronic kidney disease, high blood pressure, and cognitive decline, has been well documented. However, whether or not you suffer from these related medical conditions, hearing loss can put a damper on your social life.

Having strong relationships is important for everyone, but it's particularly crucial for people with hearing loss. Evidence shows that for every decibel drop in hearing perception in people under 70, the odds of becoming severely lonely increase by 7%.¹ That means that when we can't hear well, we don't just miss out on sounds. We miss out on life.

Loneliness Is Harmful to Your Health

Humans are social creatures. From growing our friendships to bonding with our family, we crave connection and thrive when we feel supported and part of a group.

However, hearing loss can make it more difficult to communicate. Feelings of frustration may arise while trying to hold a conversation, leading many hard-of-hearing individuals to self-isolate and become cut off from the people they care about most.

While loneliness may seem like no big deal, it can significantly impact your physical and mental health. Research has found that loneliness and isolation are as bad for you as smoking 15 cigarettes a day!² Loneliness can also increase your risk of premature death, dementia and depression.³

Keep in Touch to Keep on Thriving

Maintaining your relationships enhances your overall well-being—and hearing your best is crucial for connecting with others. That's why being proactive by getting regular hearing checkups can help you identify and treat any hearing loss sooner rather than later, which will help strengthen your social ties.

Evidence shows that treating hearing loss with hearing devices can help get you back to being part of the world. In one study of hearing device users, 91% of patients indicated that they were satisfied with the ability of their hearing devices to improve communication in one-on-one situations, and 85% said their hearing devices improved communication in small groups.⁴

Being able to communicate more easily allowed users to connect more fully with family and friends. More than half of the patients reported that using hearing devices enhanced their relationships at home and allowed for a more fulfilled social life.

These results are significant because they show a clear potential solution to the social isolation and lack of solid relationships that people with hearing loss may experience. However, changes in hearing can occur gradually, and many people aren't aware of the problem at first.

If you believe you or a loved one may have hearing loss, it's time to make a new connection—reach out to our caring team today to schedule an evaluation.

ENJOY THE BENEFITS OF MEMBERSHIP

Join the cause & become a member today !

The MRF's primary goals include:

- Monitoring and influencing federal legislation for any impact on the motorcycling community at large
- Representing street motorcyclists by participating in federal research and advisory committees
- Protecting street motorcyclists from unfair or burden some federal agency restrictions and regulations
- Ending discrimination against street motorcyclists
- Providing all street motorcyclists with direction and information to protect their motorcycling rights
- Promoting motorcycling safety, training, education, licensing and public awareness on American roads

WHO WE ARE

The Motorcycle Riders Foundation is the Nation's premiere motorcyclists' rights organization that is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. We are also committed to educating rights advocates to improve effectiveness at the state and local levels. The MRF works together with street motorcyclists, State Motorcyclists' Rights Organizations (SMROs), the motorcycle industry, the media and other organizations, assisting them with state and local agendas as well as working with them to influence action and policy in Washington, DC - from the Congress to government departments and agencies to the Office of the President of the United States. We also work with allies in Canada, Europe and Asia to influence talks on vehicle globalization and harmonization that are proceeding under the United Nations and the World Health Organization.

JOIN THE MRF TODAY!

OUR RIGHTS AND FREEDOMS FEDERALLY DEPEND ON IT!

I bought the bike in 2019 in CT with 299 miles. It sat in someone's garage. My long time mechanic checked it all out. I've maintained it every year since. I also threw on new tires just to be on the safe side and the pipes. I'm not original owner. I have a clear title.
