"IT DOES NOT MATTER
WHAT YOU RIDE
WE ALL RIDE FOR
FREEDOM OF THE ROAD"

We Want You

To Ride With Us!

Long Island ABATE

AMERICAN BIKERS for AWARENESS TRAINING & EDUCATION

The main purpose of the ABATE organization is to work toward continued freedom of the road by insuring that motorcyclist's point of view is presented to our legislators and to promote motorcycle safety, rider education and public awareness. We are trying to alleviate the very real possibility of "Big Brother Government". We encourage all our members to be informed registered voters. We write letters to our elected officials and stay aware of what is going on with motorcycle legislation, and other transportation issues. We welcome interested parties to any of our activities or to join our organization.

President's Message

Hello everyone,

It's hard to believe how fast the summer is flying bye. August was a very busy month for us. There were many events and booths we were set up (see pictures in this newsletter) as well as our 20th annual campout, Article and pictures in next month's newsletter. We have also attended many different group meetings to expand our membership and educate more people in greater detail, who we are and what we do. We also had a meet and greet with LI Street Riders, NY Bike Meetups, and LI Biker Girls. The event was hosted by Frogzz Bar and Grill in Yaphank, also to educate more people about Long Island ABATE. The event was great and well attended (see pictures in this Newsletter).

Our Drivers Ed Motorcycle Awareness classes continue to grow and after attending a few group meetings we have added more presenters and schools to our program. If you would like to get involved or if you have a school contact feel free to reach out to me or a board member, we would love to have you and add to our list of schools. We were recently set up at an event and another representative from another booth came over and asked if we were presenting in schools and we replied yes. She then stated we presented at a class she was in, and she thanked us for the useful information and knowledge we gave her to help make her a safer driver. Talk about a great feeling, just knowing we're making a difference.

I would also like to remind everyone about Aflac; we secured a group rate with them. If you're interested contact Mike Raimo at (631) 521-6508. The sooner you call, the sooner you will be covered. Unfortunately, Motorcyclists have little or no coverage for personal injury. Aflac helps supplement that should you find yourself in a unfortunate situation

There are many upcoming events and booths. Keep an eye on Facebook, our website and check your emails. Next month we will recap the trip to the Meeting of the Minds in Shreveport Louisiana. While we are there, we will set the National legislative agenda for Bikers in the Beltway next May. Bikers in the Beltway is when representatives from across the country meet in Washington DC and meet with our elected representatives and discuss Motorcycle related issues in hopes of their support. After that we will be preparing for our Annual St Mary's Food and Toy Drive scheduled for November 2nd.

As always Long Island ABATE is looking for input and participation from members to better the organization as well as volunteers to help us maintain and grow the organization, while protecting the rights of motorcyclists and trying to keep us safe. If you would like to get more involved or have ideas, please reach out to me or any Board Member. We would love to have you and or your input.

Thank You for your continued support.

Together we can make a Difference

Ride safe and Be Well

Chris Beckhans

President of Long Island ABATE

chrisliabate@gmail.com / (516) 381-1531

A large crowd of people, including children and adults, is gathered on a grassy field for an outdoor event. In the background, several blue and red pop-up tents are visible, along with a line of trees. The scene is lively, with people walking and standing in groups. A woman in the foreground is carrying a green bag, and a man is holding a white bag with the letters 'GIL' on it. The overall atmosphere is festive and community-oriented.

Updates From Josephine

Article by ...Josephine... 2nd VP Long Island ABATE

Hi Everyone.

I hope all of you have been out and about enjoying this great weather! I know we have. Long Island ABATE has been out at many events. On July 20th we were set up at Gothic Wheelers event, a ride for Carsyn to Find a Cure. It was located in East Meadow at Whiskey Reds. We were set up out back with Keys Love Jewelry and Keys Cutlery, along with Motorcycle Mayhem Radio. The run started and ended at the same location. They had a very nice turnout for their event.

On July 27th we were set up at the Alliance MC in Eisenhower Park for their 29th annual life ride to benefit the Phoenix House. Their run also started and ended at the same site. Long Island ABATE was just one of the many vendors there that day to show support. There was a lot going on, raffle basket's, 50/50, BBQ, and music. We saw a lot of familiar faces, gave out a lot of motorcycle information, and signed up some new members. It was a great event.

On August 3rd Long Island ABATE was set up at Ronnie Reality's Sport Bike show in Deer Park. Donna, Nick, and Irish Pat gave out a lot of information that day.

On Sunday August 9th Long Island ABATE was out and set up again for a meet and greet with Long Island Street Riders, New York Bike Meets, and Long Island Biker Girls. There were about 75 bikes that went on their ride and ended at Frogzz Bar and Grill in Yaphank. Everyone came over to the Long Island ABATE tent to meet us. It was Chris, myself, Irish Pat, and Lori. We also had Liz and Mike there to help people sign in and give everyone a wristband so that they could enjoy free hors d'oeuvres. As everyone was coming up and standing in line we were all giving the information about what Long Island ABATE stands for and represents. We gave out a lot of information and signed up a few new members. We hope we touched a few of their lives to make a difference and hope to have more involvement with them in the future. I hope you all enjoy all the pictures showing where we have been. Until next month enjoy and ride safe.

Josephine

What's In A Word?

We see things and hear things and say things. We react to what we hear. People tell us things that they think we need to hear. Some insist that you listen to them as a source of absolute truth. The news stations on the radio, or on the TV, deliver information to us using words and/or gestures and/or images. Have you ever stopped and listened to what, and how, information is given to us? Clear, truthful, reporting, is told everyday!?! Words are powerful. They can heal, help, cure, remove doubt or concern, and give life. They can also hurt, destroy, and

kill. What we heard about the pandemic was tragic. What we hear about politicians is informative. What we hear about friends from friends, can be destructive. What's in a word? A word can make someone's day brighter or make them feel as if they have hope. I suggest that we all should be careful of how we say things to others whether they do the same or not. You can't control what is said to you, but you can control what you say and how to say it. Try to be loving, hopeful, and empathetic.

What's in a word? Life, hope, strength, peace, and love.

Always, with love, In Christ's service,

Pastor "G" Gerry Waldron 🙏👍✝️

RIDE WITH THE LEADERS!

Thousands of motorcyclists' rights activists have attended MRF sponsored annual regional and national workshops since 1985. These workshops provide the nuts and bolts, "user friendly" subjects and training to assist motorcyclists in defending, building, and strengthening their grassroots organizations.

Motorcycle Riders Foundation is proud to present their annual conference for politically motivated motorcyclists! Spend the weekend with some of motorcycling's most educated and dedicated activists. Learn what issues will impact bikers today and in the future!

Use the applications below to join and support the Motorcycle Riders Foundation and to pre-register for the 41st Annual Meeting of the Minds, September 25-28, 2025.

Tired of Being Tired?

Have you ever made plans to meet a friend but after an hour or so, you want to sit alone in the quiet for a while? Or, perhaps you've been to a doctor's appointment and by the time you leave you're ready for a nap? Have you attended an event with family or friends and as time passes you find it more challenging to understand what everyone is saying?

You could be experiencing **auditory fatigue**. Auditory fatigue is real and is experienced on occasion by many people with hearing loss. Auditory fatigue affects people in different ways and can occur regardless of age. For some, it may result in reduced attention or concentration. Others may feel tired or experience a reduction in cognitive energy, unable to listen any more after a listening effort. Some with auditory fatigue may suffer headaches after listening and may experience a strong desire to be in a quiet space or away from other people or sounds.

When you have hearing loss, your brain engages more areas to try to make sense of the sounds and words you are hearing and to figure out the words you did not hear. If the words are not clear or if you are listening in noise, the cognitive load is greater and the brain has to work harder to hear and understand the message, tune out the noise in the room, and fill in the parts that are missed. This requires more listening effort and increases stress and the feeling of fatigue.

Consequences of Auditory Fatigue

In children, fatigue is associated with reduced performance in school, increased absence from school, sleep disturbances, and changes in social relationships. For adults, fatigue is associated with greater use of sick days at work, complaints of headaches, limited participation in social engagements, and increased stress hormones. People may experience these adverse reactions due to auditory fatigue, but may not recognize that their fatigue is due to listening.

Strategies to Prevent Auditory Fatigue

- Use appropriate amplification, which reduces listening effort.
- Consider assistive listening devices that can make it easier to hear someone who speaks softly or at a distance, and when listening in noise by improving the speech-to-noise ratio.
- Consider using captioning and speech-to-text services.
- Strategically select where to sit by situating yourself near a key speaker or those you most want to hear, and away from noise sources like music speakers, kitchen noise, and ventilation systems.
- Plan listening breaks before, during, and/or after listening events. Take a quiet ride to work or school, rest before a party or social event, take a brief step outside during a meeting, and plan for some down time after events. Such breaks may only need to be a few minutes to achieve rejuvenation, though some may require longer breaks.

Consult with an audiologist to discuss solutions and strategies to combat auditory fatigue that are appropriate for your specific hearing loss and personal needs.

ENJOY THE BENEFITS OF MEMBERSHIP

Join the cause & become a member today !

The MRF's primary goals include:

- Monitoring and influencing federal legislation for any impact on the motorcycling community at large
- Representing street motorcyclists by participating in federal research and advisory committees
- Protecting street motorcyclists from unfair or burden some federal agency restrictions and regulations
- Ending discrimination against street motorcyclists
- Providing all street motorcyclists with direction and information to protect their motorcycling rights
- Promoting motorcycling safety, training, education, licensing and public awareness on American roads

WHO WE ARE

The Motorcycle Riders Foundation is the Nation's premiere motorcyclists' rights organization that is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. We are also committed to educating rights advocates to improve effectiveness at the state and local levels. The MRF works together with street motorcyclists, State Motorcyclists' Rights Organizations (SMROs), the motorcycle industry, the media and other organizations, assisting them with state and local agendas as well as working with them to influence action and policy in Washington, DC - from the Congress to government departments and agencies to the Office of the President of the United States. We also work with allies in Canada, Europe and Asia to influence talks on vehicle globalization and harmonization that are proceeding under the United Nations and the World Health Organization.

JOIN THE MRF TODAY!

OUR RIGHTS AND FREEDOMS FEDERALLY DEPEND ON IT!

Leave message

I bought the bike in 2019 in CT with 299 miles. It sat in someone's garage. My long time mechanic checked it all out. I've maintained it every year since. I also threw on new tires just to be on the safe side and the pipes. I'm not original owner. I have a clear title.
